

Premier MacLean To Head Liberal Ticket In Victoria

Victoria Given Opportunity to Gain Highest Representation in Provincial Government; Preparations for Poll Speed Forward, With A. D. MacFarlane Acting as Returning Officer Here; Party Leaders on Move All Over Province; Conventions in Two Largest Ridings to Be Held Soon

Premier MacLean will head the Liberal ticket in Victoria in the Provincial election of July 18, according to a definite announcement made by C. J. V. Spratt, president of the Victoria Liberal Association, at Attorney-General Manson's rousing meeting in the Sons of Canada Hall last night. The first official intimation that the leader of the Liberal Party would run in Victoria, thus offering this city the highest possible representation in the Provincial Government, was hailed with thundering applause by the large audience.

This announcement was the outstanding political development of the twenty-four hours which followed the dissolution of the Legislature yesterday. Meanwhile, preparations for the holding of the poll sped forward. With the election machinery in charge of experienced officials, there was no delay in the official preliminaries of the ballot. Returning officers who will handle the election in every riding were named today, with A. D. MacFarlane, prominent barrister, acting in Victoria.

PARTIES HURRY PLANS

As officials hurried election writs into all constituencies and got other documents prepared, both political parties were moving to complete their campaign plans. Nominating conventions will be held in Victoria and Vancouver in the near future but so far no dates have been set. The nomination of candidates in these two key ridings is the only important election preliminary necessary now.

LEADERS ON MOVE

Leaders of both parties are on the move. Premier MacLean speeding north to address meetings in many districts and Hon. S. F. Tolmie, Conservative chief, hurrying here from Ottawa. By the week-end Hon. W. H. Sutherland, as Acting Premier, will remain here almost alone while his Cabinet colleagues carry the battle into the four corners of the Province. Hon. T. D. Pattullo, Minister of Lands, will go North to join the Premier in Prince Rupert next week. Attorney-General Manson will leave Sunday for the Similkameen and (Concluded on page 13)

SOUTHERNERS HOLD PEKING

Chinese Nationalist Forces Take Over Control of the Northern Capital

Peking, June 9 (Via naval radio)—This city, former seat of Government of the Republic of China, was taken over by the Nationalists (Southern Chinese) at 10 o'clock this morning in an orderly manner.

Chang Tso-lin, who had been in Peking two years as Northern Dictator, left the city last Sunday. On the way to Mukden, Manchuria, his train was bombed and he was wounded.

A Shanghai dispatch yesterday said telegraphic advices from Tientsin stated another unsuccessful attempt had been made Wednesday afternoon to assassinate Chang Tso-lin. Two arrests were made.

Oil Tank Leak Delays Plane's Atlantic Flight

Trepassey, Nfld., June 8.—The monoplane Friendship will not be able to hop off here on its projected flight to England at least until to-morrow morning, it was stated this morning when the lubricating tank of the plane was removed following the discovery yesterday of a serious leakage. The tank was found to be badly in need of repairs. If the Friendship had started the flight yesterday with the leaks undetected, it was said, the supply of lubricating oil would have been exhausted before the plane was half-way across the Atlantic.

The weather was fine here today. The plane, which flew here from Halifax, has as its crew Wilmer Stutz, pilot, and Lou Gordon, relief pilot and mechanic. Miss Amelia Earhart is a passenger. The machine is a tri-motored Fokker monoplane.

BIG AREA MUST BE OPENED UP, SAYS PREMIER

Speaking at Abbotsford, Dr. MacLean Tells of Government's Peace River Plans

Vancouver, June 8.—Opening up of the vast and fertile Peace River Valley is the determined policy of the Liberal Party and the Provincial Government now appealing to the electors for support, Premier J. D. MacLean declared to a large and enthusiastic audience at Abbotsford last night. It was the Premier's first campaign speech since the dissolution of the Legislature and he elaborated upon his manifesto in several directions.

The policy of sell or build the Pacific Great Eastern Railway as laid down by the Liberal convention was still the policy of the Government, he said.

"We have negotiations for a sale now in progress and we have an excellent chance of success in those negotiations," he said.

DEVELOPMENT WITHOUT DELAY

"I believe we are going to dispose of the line. But I want to give you this assurance in the most positive terms. If we do not sell it, we are not going to continue to have a railway that begins nowhere and ends nowhere."

BOARD APPROVES WEST COAST ROAD

Chamber of Commerce Directors Gratified With Start of New Highway

Gratification was expressed in the Chamber of Commerce board of directors' report today over the commencement of the West Coast Road. The chamber has been closely connected with the promotion of this project for a number of years and the initial work on the road has been welcomed by its members.

The report says: "Considerable might be said of the long continued efforts of our directors to secure the construction of a highway along the West Coast of Vancouver Island. The announcement made by the Hon. W. H. Sutherland, Minister of Public Works of this Province, of the decision of the Government to commence active work by constructing the first unit of the road extending from Jordan River to Port Renfrew, was received with gratification, and the work now is being carried out."

"Both the Canadian National Railway Company and the Canadian Pacific Railway Company are showing keen interest in the development of the West Coast trade. The Canadian Pacific Railway is now constructing a new vessel for the West Coast service, and has already augmented the service to that district by giving two boats during the summer months instead of one as heretofore. The Canadian National Railway has already installed oil tanks on the outer docks for the storage of oil shipped from the West Coast."

PLANE NEARS END OF LONG PACIFIC HOP

Four Men Aboard Machine From Suva Radio Brisbane They Will Soon Land

Monoplane Southern Cross Battles Storms in Course of 1,700-Mile Jump

Brisbane, June 9.—The monoplane Southern Cross at 8 a.m. today (2 p.m. Friday, Victoria Time) was expected by the four men aboard to land within an hour, they radioed.

Brisbane, June 9.—The monoplane Southern Cross radioed at 7 a.m. to-day: "Everything OK. Exact position at present unknown."

The time given was 1 p.m. Friday, Victoria time. From Suva to Brisbane is 1,700 miles.

Honolulu, June 8.—The monoplane Southern Cross had 408 miles to go to reach Brisbane, Australia, said a message direct from the plane at 10 a.m. Pacific Coast Time (Victoria Time). The message read: "Southern Cross 5 a.m. (Saturday) latitude 25.21 South, longitude 103 East, 408 miles to go."

BATTLING WITH STORMS
San Francisco, June 8.—Storms, violent tropical disturbances that pulled and twisted and bounced the monoplane Southern Cross through the worst contortions experienced, so the fliers said, anywhere on the trans-Pacific flight, threatened for a while to cast the history-making journey from Oakland, Cal., to Australia on to the records as a "disaster."

The plane started from Suva, Fiji Islands, yesterday afternoon. There were 1,762 miles to cover before the four airmen, Capt. Charles Kingsford-Smith, Charles Ulm, Harry Lyon and James Warner, should find the calm waters of Brisbane Harbor. They expected to cover the distance in nineteen or twenty hours and land at Brisbane about 8.30 a.m. Australian time (2.30 p.m. Victoria time) to-day.

New Victoria, Vancouver And Seattle Service By Plane Is to Start July 1

Planes Daily Between Each Two Cities of Coast Group; Victoria Departures Set for Noon and 4.30 p.m. Daily and Arrivals at 10.45 a.m. and 11 a.m.

Vancouver, June 8.—The first regular air passenger line in British Columbia—a daily triangular service linking Victoria, Vancouver and Seattle—will start operations July 1. It is announced by Major D. R. MacLaren, British Columbia manager for the Western Canada Airways Limited.

The service, which will be given with two eight-passenger Fokker cabin seaplanes, will provide two departures and two arrivals daily from each city.

Plans on the triangular service will connect at Seattle with the Pacific Air Transport and the West Coast Air Transport, passenger and mail lines to Portland and San Francisco.

Thus it will be possible to reach San Francisco the day after leaving Victoria or Vancouver with a night's stop-over at Seattle. The air trip from Seattle to San Francisco requires about eight hours.

BUILDING TERMINAL
In Vancouver the Western Canada Airways will use the Butte Street slipway, now under construction, for embarking and disembarking passengers. The Seattle terminal will be at the old Boeing factory on Lake Union.

"By using seaplanes we can get closer to the centres of the three cities on the line," Major MacLaren explained. "If we used land machines we would be forced to land at airports situated some distance from the heart of each city."

THE TIME TABLE

The schedule for the triangular service will be as follows:
Leave Victoria for Seattle, 12 noon, arriving 1 p.m. Leave Victoria for Vancouver 4.30 p.m., arriving 5.15 p.m.
Leave Seattle for Victoria, 10 a.m., arriving 11 a.m. Leave Seattle for Vancouver 5 p.m., arriving 6.30 p.m.
Leave Vancouver for Seattle 8 p.m., arriving 7 p.m. Leave Vancouver for Victoria 10 a.m., arriving 10.45 a.m.

NORTH AND EAST

Yesterday it was stated the company was negotiating for a service to Prince Rupert and Ketchikan. The plan for the northward service is that it will connect with a Canadian transcontinental line operated out of Vancouver over the mountains to connect with planes of the company now flying westward from Winnipeg.

HER ATLANTIC FLIGHT PLAN IS DELAYED FOR DAY

MISS AMELIA EARHART

who hopes to be the first woman to cross the Atlantic, is at Trepassey, Newfoundland, where a leak in the oil tank of the monoplane Friendship prevented Wilmer Stutz and Lou Gordon, pilots, and Miss Earhart hopping off for England to-day. Steps to put the machine in proper condition were taken as soon as the trouble was discovered.

ELECTORATE CONFIDENT IN CABINET

Administrative and Legislative Record of Government Excellent, Says Manson

Cabinet Personnel One of the Finest in British Empire

"The personnel of few cabinets in the Empire has had such an outstanding confidence from an electorate as that of British Columbia at the present time," declared Hon. A. M. Manson, the Attorney-General, speaking before a large audience at the Sons of Canada Hall last night.

"The present directors substantially have been in charge of affairs for a period of twelve years. In the whole of that period only two of them have been refused approval, and of those two one of them for only a short space of time, he declared.

"Let me say at the very outset that I do not propose to indulge in recriminations nor abuse. Where I find it necessary to criticize those who are in political opposition to the Government, I trust that I shall do so with courtesy and absolute fairness," said the Attorney-General at the opening of his address.

"We are on the eve of an election. Mr. Speckley's sundry guesses as to date have proved, as so often with his statements, wrong. Despite the imminence of an election let us be calm. Let the method of approach be 'Come, let us reason together.'"

TESTS OF GOVERNMENT

"In testing the question as to whether or not your directors should be returned, four questions would seem to me to be in issue," he continued. "The first question is: What is the administrative record of the general one? Has the business and development of the Province satisfactorily progressed during their term of office? The second question is: What is the administrative record of the conduct of your business by your cabinet or your directors' board? Has there been honesty of administration? Have the individual directors been free from scandal, and have they kept their personal reputations above reproach? The third question is: What is the legislative record of the Government? The cabinet must accept the responsibility for the framing of legislation and the piloting of it through the House; not completely perhaps, but almost so."

What has been the type of legislation which has been placed upon the statute? Has it inured to the benefit of the great majority of the people? Has it added to or improved the living conditions of the rank and file? Has it meant encouragement to business and the general well of the body politic? The fourth question is: What do your directors offer to you by way of policy for the future? Has it a forward-looking policy, a stand-still policy, or a retrograde policy? The question of policy is important."

SCHOLARSHIP MEMORIAL TO JOHN OLIVER

University of B.C. Creates Perpetual Monument in Memory of Late Premier

To Foster Research Work in Problems of Agriculture

The name of John Oliver, late Prime Minister of British Columbia, is to be commemorated for all time by means of a Scholarship Fund to encourage and finance research work on problems affecting agriculture in British Columbia.

The board of governors at its last meeting accepted, on behalf of the University of British Columbia, the offer of a fund for this purpose made by a committee of his admirers in Victoria, who wished to have a perpetual monument created in his memory and whose agriculture, a subject in which his interest was always very keen.

TO ESTABLISH FUND

The intention is to establish a fund to yield \$1,500 per annum, \$300 will be given in the form of matriculation scholarships of \$100 each to be given to the student taking the highest standing in junior matriculation examination and entering the first year in the Faculty of Agriculture in the University of British Columbia from each of the following districts:

(a) Victoria and Vancouver districts.
(b) Vancouver Island, Fraser Delta and Northern Mainland, including Agassiz, but excluding Victoria and Vancouver districts.
(c) Yale and Kootenay.

TO A B.C. GRADUATE

The balance, \$1,200, will be granted to a graduate of the University of British Columbia for research work in problems of primary interest in agriculture. It is open to a graduate in any faculty providing the research proposed is vital to agriculture in the Province. For instance, it might be a research by a chemist on soils and fertilizers; by a bacteriologist on an animal disease; by an engineer on land clearing.

TRAGEDY ENDS MINERS' WORK

Alaska Jury Finds Man's Suicide Followed Murder Done By Him

AKIAK, Alaska, June 8.—Mute evidence of a double tragedy in the remote back country of Alaska was found yesterday by a coroner's jury which tramped twenty-four miles through woods to a lonely cabin on Crooked Creek, where the body of Charles P. Lindfors had been found, slain by an Indian trapper, hanging from the rafters.

Lindfors and his partner, Arthur Kirk, had been mining quicksilver on Crooked Creek, a tributary of the Kuskokwim River. They had made a large sale of the mineral, when Kirk mysteriously disappeared. He was drowned, it was given out, when he was wrecked. Lindfors returned to the cabin to spend the winter alone.

Nothing was heard of Lindfors during the winter months. The Indian discovered the body two weeks ago and reported to the authorities. The coroner's jury yesterday found evidence that Kirk had been killed at the mine and the body burned in a retort. The jury expressed the belief that remorse and fear had driven Lindfors to commit suicide during the lonely winter nights.

A verdict of suicide was rendered.

DUNNING SOON IS TO VISIT COAST

Vancouver, June 8.—An Ottawa special dispatch to The Vancouver Sun says: "Hon. C. A. Dunning, Minister of Railways and Canals, will leave for the West shortly after prorogation of the House. It is expected he will go on through to Vancouver and Victoria in the course of his trip and if so is likely to take some part in the provincial general election campaign."

PENSION BILL IS APPROVED

Ottawa, June 8.—Threatened difficulties over the Pensions Bill ended today with acceptance by the House of Commons of the new Senate amendment. When the bill went from the Commons to the Senate it contained provisions which the Senate radically amended—especially in regard to the pensions to be paid to widows who had married before the war after the appearance of disabilities. The House declined to concur in these amendments and the Senate gave the bill further consideration.

New amendments in the nature of a compromise were drafted and these the Commons to-day accepted.

Chamber Speaker Tells How Industry Follows Tourists

Los Angeles Is Great Instance, Declares T. A. Stevenson of Tacoma; Outlines Industrial Development as Allied to Chambers of Commerce

How California cities have become cities of industries through the establishment of branch factories built as the result of the tourist influx created by publicity campaign carried out by Chambers of Commerce was told by T. A. Stevenson, managing secretary of the Tacoma Chamber of Commerce at the annual meeting of the Victoria Chamber to-day.

Mr. Stevenson outlined methods carried out in the securing of industries, at the same time giving a warning with regard to the housing of industries.

OAKLAND'S BID

He dealt with his association with the Oakland Chamber of Commerce, where he said the greatest effort was expended upon the securing of industries. Little attention was paid to publicity and conventions by that chamber, he said.

In Oakland they had specialized in branch factories of Eastern firms, promoting the advantageous location of the city. This effort had brought results.

Mr. Stevenson described the huge publicity campaigns carried out by Los Angeles. Tourists had followed in large numbers and following the tourists came industries in natural sequence.

CITY OFFICIAL IS LONG-DISTANCE WALKING CHAMPION

With a record of 1,200 miles on foot since January 1, George Okell, city assessor, claims the longest consecutive record of all city employees. Mr. Okell, in addition to a busy list of other duties, has paid a personal visit to some 600 building sites since the last assessment roll was completed, for the purpose of a personal inspection of property in respect to which new building permits have been issued. As building permits are running 200 per cent over even the high figures for last year, Mr. Okell's rounds have covered a wide area over the seventy miles of city streets. The city assessor keeps tab on his outings on foot by means of a patent "walk-meter," which now registers over 1,200 miles for the first quarter of this year. This works out at about thirteen miles a day, including Sundays and holidays. The city assessor is one of the few department heads at the City Hall to whom a car is denied; though he admits this is chiefly of his own choosing. Unless a better claim is filed within a reasonable time, Mr. Okell intends to present himself with the long-distance walking medal for the City Hall.

Vancouver, June 8.—Declaring Magistrate H. C. Shaw was dominated by Mayor L. D. Taylor and Alexander Henderson, K.C., and that the mayor and his counsel were "bamboozling" the public, G. G. McGeer, K.C., counsel for Frank Caisa, charged with perjury, walked out of the police court here this forenoon before any answer could be made to the statement.

The declaration made by Mr. McGeer followed the magistrate's decision to postpone the hearing of Caisa until after the conclusion of the police inquiry being held by Commissioner R. S. Lennie.

When Caisa was called Magistrate Shaw said: "Before we begin I want to make my position clear. I do not intend to proceed until the commission, out of which the charge has arisen, is finished. There have been so many insinuations and so much alleged interference that it is hardly fair that I go on."

Mr. McGeer took immediate exception to any suggestion of an adjournment, and declared there were a number of members of the underworld carrying on illicit trades who would not give evidence freely before the commission as long as the charge hung over Caisa.

He said the charge had been laid to intimidate those witnesses.

TRIBUTE PAID FORKE'S WORK

Premier King Tells Commons Direction of Canada's Immigration in Able Hands

Ottawa, June 8.—A debate in which Premier King and three other members of the Cabinet, Hon. Charles Stewart, Hon. J. L. Ralston and Hon. Charles Dunning spoke, ended last night with the adoption by the House of Commons of the report of its committee on immigration. The Cahan Conservative amendment was declared lost on division.

Agreeing with Mr. Stewart, Minister of the Interior, that the carrying out of the thirteen recommendations made in the report of the committee would assist immigration activities, Premier King paid a tribute to the worth of Hon. Robert Forke's services to Canada as Minister of Immigration. He sketched Mr. Forke's career since he came to Canada as a Scottish immigrant, his life on the prairies and his various public offices till he entered Parliament and became Premier.

Mr. Forke was a good example of what Canada offered to the man who possessed the sterling qualities he possessed.

THREE SUCCESSORS
Mr. King mentioned in passing that in the Government were three Ministers who had come to Canada as immigrants: Mr. Dunning from England, Mr. Forke from Scotland, and Mr. Heenan from Ireland.

MISSION WORK IS DISCUSSED

Revived Effort in Field Urged at Presbyterian Assembly

Regina, June 8.—The need of big men for small jobs and capitalization of the opportunities for constructive service were stressed as the foundation for revived and militant effort in the missionary field of Canada by speakers drawn from all parts of the Dominion at last evening's session of the General Assembly of the Presbyterian Church in Canada here.

"We need capable men to assist us in consolidating the work already undertaken and to urge us forward to greater accomplishment," said Rev. D. A. Campbell of New Westminster, B.C. He could wish no better lot for any young man than to devote his life to mission work in Western Canada, where he might sink himself in the great opportunities of Christian life and arduous British Columbia, he added, provided such an extensive field to conquer that only a small portion of the province had been prospected during the past few years.

"We hope some day, however, to be able to press forward in that vast northland and to determine what ministrations are required," he said.

REPORTS PRESENTED
In reports presented yesterday to the Assembly, as in the debates, an urgent call for workers both in the home and foreign missionary fields and earnest pleas for extension throughout the Dominion was sounded.

While cognizant of the immediate need for greater development, leaders of the church stressed the importance of steady and orderly progress through consolidation and co-operation. As one commissioner stated, it was primarily by "earnest discussion and willing co-operation that we are getting a firmer hold of the situation and a clearer vision of our opportunities and obligations."

SUPERVISION PLANS
Despite essential consolidation of certain activities of the home mission work and the problem of financing new undertakings, there was no intention of supervising by synodical mission work. Dr. D. B. Drummond of Hamilton, Ont., declared, in amplifying his report on behalf of the general mission board.

Six recommendations were submitted by the board in connection with the home mission field. Action on a proposal to secure recruits for the ministry from the ranks of the young people of the Presbyterian Church was deferred pending a complete report on the matter by the education committee of the Assembly.

WORK OF STUDENTS
The suggestion that students be required to serve in the mission fields for one year after graduation was also referred to the educational board.

On the motion of Rev. N. A. MacEachern of Winnipeg, the whole matter of synodical supervision was referred to the board of missions, with instructions to bring in definite recommendations concerning that department, and to report at a later session of the present Assembly.

A recommendation favoring the continuance of the General Board of Missions, with jurisdiction and oversight of both home and foreign mission work of the church, was ratified.

Concurrence was also given a proposal that synods be asked to appoint one missionary whose consent will become a member of the General Board of Missions.

The commissioners also endorsed a suggestion that bequests and special donations for missionary purposes

are not definitely allocated for certain work, the board of trustees be authorized to use twenty-five per cent of this capital as an emergency fund for the purchase of equipment in the establishment of new missions.

The resignation of Rev. R. P. Patterson, a synodical missionary for the synod of Manitoba, was accepted with regret, while a request from Rev. W. A. Cameron to be relieved from his missionary charge in the synod of Saskatchewan was referred to the board of missions for action.

WORK IN BRITISH COLUMBIA
Dealing with British Columbia, the report said:

"In the western provinces work was generally satisfactory, with emphasis on consolidation of present fields. In British Columbia substantial progress was made where supply was continuous, but it is reported this was not always the case and in all coast mission fields there were periods without any service, due to the difficulty of maintaining supply in the winter months. The case and in all coast mission fields there were periods without any service, due to the difficulty of maintaining supply in the winter months. The case and in all coast mission fields there were periods without any service, due to the difficulty of maintaining supply in the winter months.

SCHOLARSHIP MEMORIAL TO JOHN OLIVER
(Continued from page 1)

For all time this memorial will benefit agriculture in the Province as John Oliver himself had done in his days. He saw the value of the agricultural production of this Province grow from practically nothing to over \$70,000,000 per annum. He was deeply interested in this development both practically and theoretically. He clearly recognized the value of sound education, based on facts and of finally ascertaining what to do and how to do it which is of course, what research really is.

NECESSARY WORK
In no other part of Canada, perhaps nowhere in the world, is research so necessary for a successful agricultural industry. Conditions in British Columbia are unique; knowledge gained elsewhere cannot be applied directly to the local conditions here.

Local conditions have to be studied; local facts discovered; and adaptations made to meet these. Conditions change from valley to valley, sometimes from one part of a valley to another or from one end of a valley to the other. Transportation difficulties add to the problem and make necessary condensed, easily shipped products in place of the bulky standard products of the farm.

In many places cost of clearing makes the land so expensive that only special lines are profitable. It has been said that eighty per cent of the original orchards in this Province had to be cut down because unsuitable to local conditions. This is not surprising in view of lack of information concerning these. But it means that in most cases the original orchardist lost his capital and was forced out of the industry. It means that agriculture and the settlement of the Province received a set-back from which it takes long to recover. This is too high a price to pay. It is too slow and too expensive a method of developing the agricultural resources and increasing the population of the Province.

The speedy method is to make agriculture pay from the start and research is what will do this.

No more useful or fitting memorial could be chosen than one that will encourage young people to inform themselves, and to discover for themselves and for others in the industry, the facts that are vital to success in, and expansion of agriculture in this Province.

When it comes to the question of the rates charged for power and light," he declared emphatically, "we as a Government are going to see the public interest is looked after."

Premier MacLean referred to Peace River development more than once in his speech. He reminded his hearers that the old Conservative Government had won elections on the catch cry of "Better Terms," but the total result of its actual work along this line was a paltry \$100,000 a year for ten years.

RETURN OF LANDS
Three years ago the Liberal Government had taken up the Province's just claim for a return of the Peace River lands and the Railway Belt. To-day that objective had been attained. The Federal Government had agreed, and all that was necessary was to enact the necessary legislation.

Development of the natural resources of the Peace River district, he said, would be of inestimable value to the whole of the people of British Columbia, and to this task he pledged the Government.

In connection with tax reduction, he also said that the revenue from development of the Peace River lands would lighten the burden of the people as a whole.

CANDIDATES OF PARTY
The main considerations for the people to have in mind at the coming election, the issue of the coming campaign were the personnel of the candidates, the record of the parties and their policies for the future, he said.

When he considered the calibre of the candidates supporting the Government, the record of the Liberal Party in tax reduction, raising the standard of living for labor and providing by social legislation for the welfare of those in need, and then compared the clear-cut policy of the Government with the "evasiveness and vagueness" of the Conservative policy as enunciated at Kamloops, the Premier said he was convinced the good sense of the electors could lead them to only one course of action—that of re-electing the Government with a substantial majority.

STRAWBERRY PROBLEM
Drawing attention to the fact that the Provincial Government had no jurisdiction to put into force the provisions of the anti-dumping legislation, the Premier stated that last week he had wired a protest to Ottawa in connection with the strawberry crop. Such a protest, he said, was the only action within the power of his Government.

The Premier, whose speech was frequently punctuated with applause, was given a great ovation at its close.

Over-production of milk and fruit could be controlled, declared Hon. E. D. Barry, Minister of Agriculture, who spoke briefly.

Mr. Barry said, "he would be willing to contest the constituency if he received the nomination."

FLAMES WRECK GANGES HOME

Ganges, June 8.—P. C. Wag's residence, Dr. Beech's old home on Ganges Hill, burned to the ground Thursday morning.

While Mrs. Wag was visiting a friend neighbors saw smoke coming from the roof which afterwards broke into flames. A general alarm was given and men came quickly and got out most of the household furniture that was downstairs. Bedroom furniture upstairs could not be saved. The heat from the fire was so great that cars could not park on the road. There was some insurance on the house and contents.

Welsh Miners Are Trained For Canada Farms

Winnipeg, June 8.—For the purpose of assisting in the training of eighty-five Welsh coal miners in farm work before their departure for Canada, R. MacEwing, of the colonization department of the Canadian National Railways has been loaned to the British Ministry of Labor for three weeks, it was stated this morning by Dr. J. Black, director of the agriculture and colonization department of the Canadian National Railways.

The men will leave for Canada on the completion of their six-week course of intensive training for Canadian farms. They are living under canvas during their course. Canadian wagons and Canadian harness are being used so the newcomers, on their arrival in Canada, will be familiar with the equipment used on the farms of this country.

Mr. MacEwing himself emigrated from Argyllshire in 1908, and after working for three years as a farm laborer in Saskatchewan, secured his own farm. He still owns 160 acres of land near Rosetown, Saskatchewan.

BIG AREA MUST BE OPENED UP, SAYS PREMIER

(Continued from page 1)

"We are going to ask the people to spend some money to extend that line so we can open up that great Peace River country without delay," he added.

CONTRAST SEEN
With this definite statement of the Government's intention toward one of the outstanding problems of the Province Premier MacLean contrasted the Conservative position. The Conservative convention at Kamloops had laid down no policy, Hon. S. F. Teague, Conservative leader, in the New Westminster by-election campaign, answering criticism of his party's lack of a P.E. policy, had announced that immediately after the by-election he would make a trip over the line and then decide what to do.

Such an attitude toward a problem upon which the ablest men in the Province had spent years of study, the Premier described as flippant and unworthy of the leader of a once great party. Incidentally he pointed out that a year had passed and the pledge was still unfulfilled.

LIGHT AND POWER
Premier MacLean had also a message for consumers of light and power in the district served by the British Columbia Electric Railway Company. Referring to the recent deal by which eastern capital had acquired control of the company and trebled the capitalization, he said it was the policy of the Government that the man who put capital into the actual development of industry in the Province should get it back with a reasonable return.

But he said the Government was determined to protect the consumers from exploitation.

"When it comes to the question of the rates charged for power and light," he declared emphatically, "we as a Government are going to see the public interest is looked after."

Premier MacLean referred to Peace River development more than once in his speech. He reminded his hearers that the old Conservative Government had won elections on the catch cry of "Better Terms," but the total result of its actual work along this line was a paltry \$100,000 a year for ten years.

RETURN OF LANDS
Three years ago the Liberal Government had taken up the Province's just claim for a return of the Peace River lands and the Railway Belt. To-day that objective had been attained. The Federal Government had agreed, and all that was necessary was to enact the necessary legislation.

Development of the natural resources of the Peace River district, he said, would be of inestimable value to the whole of the people of British Columbia, and to this task he pledged the Government.

In connection with tax reduction, he also said that the revenue from development of the Peace River lands would lighten the burden of the people as a whole.

CANDIDATES OF PARTY
The main considerations for the people to have in mind at the coming election, the issue of the coming campaign were the personnel of the candidates, the record of the parties and their policies for the future, he said.

When he considered the calibre of the candidates supporting the Government, the record of the Liberal Party in tax reduction, raising the standard of living for labor and providing by social legislation for the welfare of those in need, and then compared the clear-cut policy of the Government with the "evasiveness and vagueness" of the Conservative policy as enunciated at Kamloops, the Premier said he was convinced the good sense of the electors could lead them to only one course of action—that of re-electing the Government with a substantial majority.

STRAWBERRY PROBLEM
Drawing attention to the fact that the Provincial Government had no jurisdiction to put into force the provisions of the anti-dumping legislation, the Premier stated that last week he had wired a protest to Ottawa in connection with the strawberry crop. Such a protest, he said, was the only action within the power of his Government.

The Premier, whose speech was frequently punctuated with applause, was given a great ovation at its close.

Over-production of milk and fruit could be controlled, declared Hon. E. D. Barry, Minister of Agriculture, who spoke briefly.

Mr. Barry said, "he would be willing to contest the constituency if he received the nomination."

RECOGNIZING THE FACTS

OUR MORNING CONTEMPORARY HAS used up a good deal of editorial space in its efforts to convince us that the King Government at Ottawa is responsible for the fewer immigrants coming from Great Britain to Canada. None of its arguments, of course, has convinced anybody; they were based upon the flimsiest foundation.

It is interesting to observe, however, that The Colonist itself has discovered a more reliable reason for the falling off in the movement from Britain. It accepts the word of the Board of Trade Journal, which points out that immigrants of British nationality into the United Kingdom for the first three months of 1928 numbered 8,975, representing an increase as compared with the first three months of last year. It also shows that the excess of British emigrants over immigrants for the year ending with March 31 last dropped by no less than 24,373. In other words, while the balance against Great Britain in the fiscal year of 1926-1927 was 114,166, it was only 89,793 in the fiscal year of 1927-1928.

The morning paper now says that "the fact that there is less emigration from the United Kingdom and more immigration would tend to indicate an improvement in the conditions of employment in the British Isles." It concludes by saying that "what is Britain's gain in this respect will be the loss of the Overseas Dominions."

In this regard The Toronto Star—as we have done in these columns on several occasions—puts the matter in a nutshell. Our eastern contemporary says:

There has been a tendency on the part of all concerned to evade one of the plain facts of the case as explaining the existing difficulty in inducing British people to quit their country and migrate to ours. They are not coming as they used to come, and we think there is a tendency at Ottawa to ignore one of the main reasons, which is that social legislation in Britain has for some years been much in advance of what it used to be, and much ahead of what it is here.

In these columns we have more than once enlarged upon this subject, showing how of late working people in Britain are guaranteed against all the worst ills that formerly used to come upon them—they have such benefits, old age pensions, unemployment insurance and similar securities against adversity. They feel safer where they are than they would if venturing across the sea to Canada or Australia where they would have the benefit of none of these social safeguards. They are pleased with what has been accomplished in England in these respects and they desire to remain there and push on to further accomplishments through political action.

Apart from recognizing the fundamental fact that we can not compel people to come to Canada against their will, we may as well face the plain truth as set out by The Toronto Star. It is time public men and newspapers in this country rose above such silly charges as those which they have been levelling against the Government at Ottawa. Incidentally, Mr. W. C. Noxon, Agent-General for Ontario in London, recently expressed views similar to those we have quoted from the Toronto newspaper. He understands conditions in Great Britain perhaps better than any other Canadian over there.

HIS VOCAL INDISCRETIONS

YESTERDAY WE INCLUDED AMONG the handicaps under which Dr. Tolmie has been laboring since he was appointed leader of the provincial Conservative Party the fact that Mr. Pooley was acting as his deputy during his absence in Ottawa. Mr. Pooley's speech at Saanich last night was marked by several observations which should emphasize the truth of our comment, if such emphasis were necessary. He is reported as having said "you cannot take the word of Premier MacLean politically," and also expressed his opinion that the Premier's remarks on the debt question indicated that "he was touched in the upper story."

Dr. MacLean's veracity and intelligence require no defence at our hands. They are generally appreciated throughout the Province, and that appreciation will be strengthened by Mr. Pooley's fatuous reflection upon them. But what are we to think of a public man who is so barren of constructive ideas that he has to resort to this sort of a campaign? And what kind of a commentary must it be on the judgment of Dr. Tolmie in having Mr. Pooley as his deputy? Surely the opposition in this Province is not so sterile of statesmanlike material that it has to submit to the temporary leadership of one who has to resort to such puerile tactics. Mr. Pooley at least should try to act like a gentleman and sportsman.

This incident illustrates the lack of effective direction and discipline among the opposition forces. A strong leader would choose able lieutenants who would present to the electors a constructive policy. He would not countenance mud-slinging and petty banalities. He would realize that the electors are not impressed by reflections upon the honesty and integrity of his opponents, and that these are poor substitutes for ideas. And he would impose a strong hand upon those members of his own party who, like Mr. Pooley, allowed their zeal to run away with their discretion.

Dr. Tolmie should have done all this when he

was made leader several years ago. The result of his failure to do so is that the opposition in this Province to-day faces the electorate without adequate leadership and direction and without a policy. Mr. Pooley is a striking demonstration of the truth of this statement.

We must confess that if Mr. Bowser had been chosen leader of the Conservative Party at Kamloops, a different condition would have developed. Whatever Mr. Bowser might or might not have done in such circumstances, we may take it as a certainty that, during a campaign, he would have sent Mr. Pooley and others of his colleagues in the House to obscure regions where their vocal indiscretions never would be reported to the public. Or he would have put muzzles on them. Assuredly, they never could qualify for a Bowser Cabinet. That is why they preferred Dr. Tolmie to Mr. Bowser.

HARTMANN'S RIDE TO PARIS

WHEN THE UNITED STATES SENT Colonel Lindbergh and Will Rogers down to South America as goodwill ambassadors the authorities at Washington little knew they were setting a precedent which would cause Parisians to shout "Long Live Germany" in their own streets so soon after the great conflict of nations. This is just what has taken place. Gustav Hartmann, Berlin's oldest hack driver, has driven all the way from the German capital in a "growler" and all Paris has acclaimed him as a hero, while the German newspapers are making much of this novel form of promoting better understanding between nation and nation.

Only a few years ago French troops went into the Ruhr as bailiffs in an effort to force recognition of the financial provisions of the Treaty of Versailles. Whether it was good policy or not is beside the question. It caused a good deal of head-shaking. It looked as if the seeds of eternal enmity were being sown. But wiser councils soon prevailed. Locarno healed most of the old wounds. Mutual support of the Kellogg peace proposal may complete the job. Such progress in so short a time does not suggest that war is inevitable.

Hartmann's ride to Paris, however, may go down in history as an epic, the beginning of an entirely new outlook in Continental Europe, an acceptance by the Old World of the value of the less formal methods which the New World adopts to preserve international accord. It is symptomatic of the new vision of the new Germany. We are told that the Teutoni is quick to recognize a weakness in any form. We find foundation for the suggestion in the fact that the republic is beginning to learn the value of play. Sports organizations all over the country are claiming thousands of new members every month. This is a healthy sign. A playing field is a better investment than a barracks square.

MORE SENATE OBSTRUCTION

THE MAJORITY IN THE SENATE AT Ottawa does not seem to be able to resist the temptation to throw out anything which is likely to assist the plain people of the country. It committed its worst offence in this respect when it threw out the Old Age Pensions bill in 1926. Fortunately the Liberal Party was returned to office later in the year and put the measure through again; but the approval which the Senate gave it on that occasion was given with very bad grace. It was in harmony, however, with the obstructionist tactics employed by the opposition party in the House of Commons.

The Senate now has done its best to defeat the object which the House of Commons had in view with respect to the right of appeal for dependents of pensioners from the decisions of the Pensions Board, and the rights of widows of pensioners in special cases. Hon. J. H. King's measure would give dependents of pensioners the right of appeal from decisions of the Board. It also would give pensions to widows who married pensioners before the appearance of the disability from which they died. Seven hundred of these widows would be pensionable under Dr. King's plan. The Senate has amended the bill in such a way as to deny these rights. Very properly the House of Commons has sent it back to the Upper Chamber for reconsideration.

It will be noted by the electors of this Province, at this time particularly, that as soon as the Conservative Party, either Federally or provincially, is asked to approve legislation which is of benefit to the plain people, it begins to work overtime in its efforts to find some means of obstructing it. But as soon as there is any suggestion that consideration be given for special privilege, an increase in the tariff, or a bonus of some description, it will agree with enthusiasm.

WHAT OTHER PAPERS SAY

HER DARKEST SIDE
From The Brandon Sun

Despite the fact that one million new houses have been built since the armistice, England is still 700,000 houses short, due to the normal increase in population which requires 100,000 new houses yearly. One mother in 250 dies at childbirth in England. There are 1,500 cases of sleeping sickness yearly, thirty-five per cent of them fatal and forty per cent of the remainder left permanently disabled; rheumatism is responsible for one-sixth of England's industrial invalidity, costing approved insurance societies \$25,000,000 yearly in benefits. These are a few of the admissions of Minister of Health Neville Chamberlain, reviewing the work of his department to the House of Commons. While confessing himself proud of the nation's accomplishments in housing progress since the armistice he insisted there was one dark feature on the landscape, the slums.

BRIDGE MADE EASY

by W.W. Wentworth

1—INITIAL SUIT BIDS
The cards have been dealt. As you study them, you often ask yourself, "Shall I bid?" Uncertain as to what to do, you find yourself in a maze.

There need be no such hesitancy. If you have a bid, it can be detected immediately by a cursory inspection of the cards, determining at once whether the hand contains the minimum requirements for an initial bid.

An initial bid is a bid made by the player who has dealt the cards. He also may be designated the first hand. If the first hand passes and the second hand bids, this bid by second hand is also termed an initial bid. This article is confined to initial bidding, as the requirements for bids in other positions are different.

If the cards were evenly dealt and every player held the A K Q of a suit, he would hold 2½ quick tricks, making a total of ten quick tricks for all four hands. Such an equal distribution of cards is not likely to occur in a century. To find ten quick tricks outstanding in any one deal is so unusual as to require no further consideration.

The average number of quick tricks outstanding in every deal is not more than eight, and usually less than eight. You may verify this conclusion by dealing the cards ten times, counting the number of quick tricks and noting the results. It will thus be seen that, on the average, a total of less than eight quick tricks is held by all the players in each deal.

It therefore follows that the initial bidder holding two quick tricks has a hand above the average.

Two quick tricks is the minimum bidding requirement for any initial bid. If your hand does not contain at least two quick tricks, it must not be bid initially.

The initial bid is the pivot of all bidding. It must be as sound as the Rock of Gibraltar. Your initial bid is a mirror to your partner. It is a proclamation that you have the minimum requirements for an initial bid, namely, two quick tricks. However, an initial bid need never be made on less than four cards, even though you hold A K Q of the suit.

A PUBLIC SQUARE

To the Editor—Now that the Royal Institute of British Architects has conferred on Mr. J. C. M. Keith the honor of Fellowship, an honor which he has fully earned and richly deserved, for his splendid design, I would like the use of your columns to urge upon the city and the Government the advisability of creating a public square in front of the cathedral. This beautiful building is not crowded on the north, east and south sides, but the front, with its fine facade, will be improved if a large open space is provided.

Victoria is lacking in open squares, which are a marked feature of European cities, and greatly add to their beauty.

A touch of Variety makes Food more enticing

A poor appetite sometimes needs only a touch of enticing variety to quicken it . . . something different . . . preferably something light.

Quaker Puffed Wheat is utterly unlike any other cereal. The toasted, nutmeat flavour tempts the most finicky appetite. Crunchiness urges mastication, and helps to keep teeth and gums in healthy condition. Starch cells broken down, which makes digestion easy.

Quaker Puffed Wheat is the whole wheat grain, puffed to eight times normal size, and exploded . . . thoroughly cooked and oven-crisped. All the bran is there, but deftly concealed. Serve direct from the package, or warm if you wish.

Quaker Puffed Rice, too. Rice grains, also puffed and exploded. Dainty and light. Easily digested. Always pleasing and inviting to the appetite.

NEW PLANE FELL

St. Augustine, Fla., June 8.—Capt. George H. White of New York crashed here yesterday in his wing-flapping ornithopter aeroplane during a gliding flight behind an automobile, but was

not injured. The plane fell from a height of a few feet when a wing cable came loose and threw it to one side. It was slightly damaged. Gliding test flights at the end of a tow rope attached to an automobile were made successfully just prior to the fall.

MANUFACTURERS ELECT OFFICERS

L. W. Simms, St. John, N.B., President of Dominion-wide Association

On board St. St. Lawrence, en route to Quebec, June 8.—L. W. Simms, of St. John, N.B., yesterday was elected president of the Canadian Manufacturers' Association.

Other officers elected were: R. J. Hutchins, Calgary, first vice-president; Elmer Davis, Kingston, Ont., second vice-president; Thomas Roden, Toronto, who was made a life member of the association, was re-elected treasurer.

British Columbia members of the new executive committee are: H. R. MacMillan, Vancouver; A. E. MacMaster, Vancouver; Edwin Tomlin, Victoria; J. H. McDonald, New Westminster; A. J. McKelvie, Vancouver; G. E. Hermann, Vancouver; J. W. F. Johnson, Vancouver; W. J. West, Mission City, and T. S. Dixon, Vancouver.

The election was held at a session of the annual convention held aboard this ship, carrying the members back to Quebec from the Lake St. John region.

NEW B.C. POTATOES DUE NEXT WEEK

New potatoes will start to move to market from British Columbia lower mainland districts June 10 and from the interior dry belt July 6. Ontario early potatoes will roll, according to present indications, about July 15.

The British Columbia crop will run about 195,000 bushels and the Ontario 192,500 bushels. Essex and Kent counties produce the bulk of Ontario's crop and the acreage this year is 4,900, double that of 1927. The yield is estimated at 125 bushels to the acre. The early potato shipping period lasts about five weeks and should extend until about August 20.

The acreage sown to early potatoes in the United States is greater than in 1927 and is estimated to be 225,000—the forecast of production being 26,510,000 bushels. Virginia and the Carolinas are the heaviest early potato producing states.

Canada imports early potatoes from the United States. The imports for June last year amounted to 8,543,900 pounds, valued at \$294,129, and for July 16,590,800 pounds, valued at \$404,510. Total imports for fiscal years ending March 31 were, 1927, 28,205,531 pounds; 1926, 26,129,680 pounds, and 1925, 62,091,945 pounds.

The Dominion Department of Agriculture in supplying the estimates for this season's early potato crop points to the splendid market possibilities. The consumption is approximately 80,000,000 bushels, of which Canadian growers supply about sixty-five per cent.

Colwood

Colwood, June 7.—The annual meeting of residents in the district served by the Colwood Hall, will be held at 8 p.m. on Monday, June 18, to elect officers for the ensuing year and transact the business of the general annual meeting.

Mr. and Mrs. Edward Shields, Misses G. Hawkeswood, Mr. Peatt and E. Peatt, also Bertram Shields, motored to Ladysmith recently visiting friends there.

An old pioneer in the early Colwood days, but more recently residing in Vancouver, Mrs. Mary Blatchford, passed away Monday last in Vancouver. Interment was made in Colwood cemetery Wednesday afternoon, June 6, the Rev. H. M. Bolton taking the service. The pallbearers were E. Brown, A. Hankin, Gus Porter and George Porter.

Mr. W. Bickford has returned from a very pleasant motor trip to Campbell River and other points on Vancouver Island.

The senior W.A. to St. John's Church held their regular monthly meeting in Colwood Hall, Wednesday, June 13.

Service will be held in St. John's Church, Colwood, Sunday evening at 7 o'clock.

A very successful sale of work under the auspices of the Senior W.A. to St. John's Church was held Wednesday afternoon in Colwood Hall. Mrs. W. Heatherbell of Victoria opened the sale at 4 p.m. and the sale of her remarks congratulated the members of

the W.A. on the excellent work exhibited. She further stated she knew from experience the amount of work entailed, and hoped the W.A. would have success in their work. The hall had been artistically decorated with roses and other flowers. The stalls were most attractively arranged and

ready purchasers were soon found. Mrs. H. Parker and Miss Scott were in charge of the fancy work, while Mrs. J. Goodall and Mrs. J. Little looked after the ice cream and candy, while the home cooking stall was in the capable hands of Mrs. A. S. Burgess, Mrs. H. F. Meadows and Miss Butler. The

conveners for tea were Mrs. R. W. Robinson, Mrs. T. Forman, Mrs. W. M. Brown and Miss G. Hawkeswood. The general conveners of the sale were Miss James, president of the W.A., to whose energetic management much of the success is due. A substantial sum was realized from sale. Misses Beryl

MEN!—FREE!

This Magnificent GOLD-Plated Genuine Gillette Razor (Complete with Blade)

With a 35c Tube of Palmolive Shaving Cream All for 35c!

Go to your dealer. Put down 35c for a tube of Palmolive Shaving Cream. Get this razor free. Strict limit one to a customer—dealers' stocks rigidly limited—come early

Here is a gift offer which we believe has no parallel in merchandising. An offer made solely to attract men to a fair trial of Palmolive Shaving Cream.

Our experience proves that most men who try Palmolive Shaving Cream become regular users. Thus our whole sales problem is to get every man we can to TRY IT.

To solve that problem, we go to great lengths. We occasionally make an offer that no man can afford to turn down. This one, you'll agree, is the greatest we have ever made—the most remarkable, we are told, in merchandising history.

Go today to your dealer. Buy a tube of Palmolive Shaving Cream at the regular price of 35c. The razor described above will be given you with it FREE with blade—all for 35c.

But remember: Dealers' stocks are strictly limited. When your store is out, he can get no more. Thus early acceptance of this offer is necessary.

The world's most magnificent razor

No matter how many razors a man has—of what makes or kind—he will want this luxurious Gillette—"a real Gillette!" Never a man but has wanted one.

It is the IDENTICAL Gold-Plated Genuine Gillette, for which, in a case with 12 blades, thousands of men formerly paid \$6. The same razor EXACTLY which was the most popular gift razor—at Christmas, etc.—in Canada.

The ONLY difference is that at \$6, a case and twelve blades were given with the razor.

Under this offer, one blade accompanies it. Think of it!—free now with a 35c tube of Palmolive Shaving Cream which you probably need anyway!

Corrects the mistakes of old-time shaving preparations

Palmolive Shaving Cream is a scientific creation. Men by the millions are flocking to its use.

We started by asking 1000 men what they most desired in a shaving soap. Then met their exactments one by one. It is different in formula, action and effect from any other shaving preparation known. It corrects the 5 mistakes of old-time shaving preparations.

1. It multiplies itself in lather 250 times.
2. It softens the beard in one minute.
3. The lather maintains its creamy fullness for ten minutes on the face.
4. The extra strong bubbles support the hairs for cutting, where weak bubbles let them fall down.
5. The blend of palm and olive oils brings fine after-effects.

Accept today

Now to win you over to a trial, we make an offer which we believe is the most remarkable any manufacturer ever made to gain a fair trial for his product.

In your interest and in ours, please accept it today. Go now to your dealer. You'll thank us for the gift today—and for many days—for the new shaving comforts our cream offers you.

The "Chew-Chew" Route to Joyous Health

The children will take it gladly (and so will the grown-up folks).

It's just as delightful for chewing as is any other dainty, candy-coated, mint-flavored gum confection.

Yet "Feen-a-mint" contains science's most effective laxative principle, phenolphthalein (yellow). More—

over, chewing this tasteless medicine increases its easy, natural action in ending internal inactivity and ridding the system, without shock or after effect, of all poisonous waste.

Chew a "Feen-a-mint" tablet tonight until the flavor is gone—and feel joyously healthy in the morning!

Garden Fete Netted

\$200 For Boy Scouts' Auxiliary's Funds

The Ladies' Auxiliary to the Boy Scout Association held their regular monthly meeting at headquarters on Thursday afternoon, with the president, Mrs. Bissell, in the chair. The treasurer's report showed a very satisfactory balance in the bank. A report of the garden party held at Government House was given and the members of the auxiliary for all they had done to make the affair such a success, also Assistant Provincial Commissioner H. T. Haverhill and D. S. M. Hartley for their untiring efforts.

The Ladies' Auxiliary wish to thank the following who helped so materially to make the garden party so successful: Miss Agnew, Mrs. W. C. Nichol, Miss Helen Mackenzie, Mrs. Rose Sutherland, Mrs. Allen, Mr. and Mrs. Holland, Veterans of France, Mrs. Dallan, Mr. and Mrs. Godwin, Piper Duncan, Mr. Rowles, Mrs. Buttle, Mrs. Gardner, J. Slater, Girl Guides, Miss Cook, Mrs. Finnore, The Victoria Daily Times, Hudson's Bay Company, D. Spencer Limited, W. & J. Wilson, Angus Campbell & Co., Hanbury's Bakery, Rea & Taylor, Mrs. Robin, McLean's Bakery, Norington's English Bakery, Mr. Mann, National System, Small's, and the members of Tee H.

Record Crowd Sees Record Class of Nurses Graduate

First United Church Filled to Overflowing for Jubilee Hospital Exercises; Beautiful Ceremony; Fine Addresses

If the popular interest in the annual graduation exercises of the Provincial Royal Jubilee Hospital continues to grow at its present rate the board of directors will be faced with the serious problem of finding an auditorium large enough to accommodate the spectators. At last night's pretty ceremony the First United Church was filled to standing room with at least 1,500 guests, while hundreds were turned disappointed away.

LOVELY FLOWERS
The ceremony was an unusually beautiful one. The exquisite floral tributes, destined for the thirty-nine members of the largest graduating class in the history of the institution, were banked in front of the rostrum. Baskets filled with roses, carnations, peonies, delphinium, iris, pyrethrum and all the gamut of beautiful summer blooms formed a lovely foreground for the white-capped, snowy-uniformed graduates who were greeted with an ovation as they filed into the choir seats, each carrying the bouquet of scarlet and white carnations which is the customary gift of the Ladies' Auxiliary.

George McGregor acted as chairman and with him on the platform were Hon. T. D. Pattullo, Minister of Lands, representing the Provincial Government; Dr. B. J. Pearce, medical superintendent of the hospital; Miss Mitchell, director of nursing; Mr. P. R. Brown, Mr. Charles Williams, Mr. S. J. Drake and Mrs. Charles Rhodes of the board of directors, and Mrs. R. S. Day.

HON. T. D. PATTULLO
After the invocation pronounced by Rev. Dr. Wilson, Hon. T. D. Pattullo addressed the graduating class. No profession was more honored than that of the nursing profession, he said, and none more deservedly so, for theirs was peculiarly one of service—service to the sick and helpless. Speaking of the special qualifications which make the perfect nurse, Mr. Pattullo noted the need of self-control and poise as a complementary to technical knowledge.

The old idea of a hospital was of a place to which one went to die, but the public was now being educated to the fact that for the serious ailments the hospital and not the home was the place for treatment. The Government realized this and made heavy grants to the hospitals of the Province in order that their high standard of efficiency might be maintained.

On behalf of the Government, Mr. Pattullo tendered warm congratulations and felicitations to the graduates on their success and wished them health and happiness in their chosen careers.

HOSPITAL FINANCING

George McGregor, chairman of the board, tendered the greetings of the directors to the graduating class, complimenting them on their hard work of the last three years and its successful consummation. He proceeded to speak of the hospital in its relation to the community, noting that, in his opinion, the public was not yet fully educated to a proper understanding of hospital work.

"The Jubilee Hospital is classed as an 'X-ray' hospital, which means a 'great deal' in the protection of the public. But the maintenance of the institution at that very high standard of efficiency requires heavy cost, and the board of directors find it no easy task, in view of this size, to maintain that standard and hold their heads above water," he said.

MUCH CHARITABLE WORK

"Perhaps you would be surprised to learn that we probably do more charitable work than all the rest of the institutions put together," Mr. McGregor continued. He observed that (Concluded on page 7)

Chapter Makes Donation — At the monthly meeting of the Valentine Harvey-Beaumont Boggs Chapter, I.O. O.E. held at the home of Mrs. D. P. MISS V. BUCKLIN PRETTY BRIDE OF EASTERN MAN

U.S. Consul's Daughter Wed Last Night at Beautiful Ceremony

June flowers in the pasted shades of mauve, white and yellow transformed the Metropolitan United Church into a floral bower for the wedding last night of Velma Bucklin, eldest daughter of Mr. George A. Bucklin, U.S. Consul, and Mrs. Bucklin, to Mr. Ewart Basingthwaight of Toronto, son of Mr. and Mrs. James Basingthwaight of Sault Ste. Marie, Ont. Rev. Dr. W. J. Sipprell officiated in the presence of a large congregation.

Guests of the bride, under the direction of Mrs. F. G. Aldous, were responsible for the decorations. Three arches of white marguerites had been erected over the aisles, and on the pulpit platform were massed yellow lupins, mauve peonies and iris.

The pretty, dark-haired bride, under the direction of Mrs. F. G. Aldous, was given in marriage by her father and looked charming in her picture gown, with its long slim pointed bodice trimmed with hand-made taffeta and marquisette flowers, long sleeves, and the full skirt of chrysanthemum silk marquisette falling from shirings at the waist. Her veil of bridal tulle was confined to the hair beneath a coronet of orange blossoms, and she carried a bouquet of roses and lilies of the valley.

Two of her sisters were bridesmaids, gowned in bouffant frocks. Miss Mary Bucklin wearing pale yellow taffeta trimmed with hand-made orchid flowers, and Miss Adele Bucklin in orchid taffeta trimmed with pale yellow flowers. Both wore flower bandeaux in their hair and carried bouquets of sweet peas and delphinium. Little Margaret Bucklin, another sister, was a dainty flower-girl in a ruffled frock of palest green taffeta with a wreath of pink flowers in her hair, and carrying a basket of baby roses.

Mr. Robert Newcomb, R.M., U.S. Vice-Consul, was best man, and the ushers were Mr. William Seabrook, Seattle, and Messrs. A. Carlson and E. Savannah.

"The music was unusually beautiful and added greatly to the attractiveness of the service. While the guests were assembling Mr. Edward Parsons, the organist, played the charming "Wedding March" by Townsend Driffield. "Procession to the Minister" from "Lohengrin," and "Marche Nuptial" by Dubois. On the entry of the bride procession the "Bridal March" from "Lohengrin" pealed forth, and as the guests left the church the strains of the Mendelssohn "Wedding March" rang out. The bride's sister, Miss Mary Bucklin, provided other beautiful numbers with her "ello, "Old Italian Love Song" by Sammartini, and while the register was being signed, Squire's "La Priere," the organist playing the accompaniment for each.

After the ceremony a reception was held at the home of the bride's parents, "The Oaks," Oak Bay, where the young couple received the good wishes of their many friends beneath an arch of white lattice and flowers, from which hung a bridal bell of flowers in the pastel shades. Mrs. Bucklin received the guests, handsomely gowned in rose beige lace with hat to match. Among the out-of-town guests at the wedding were Mrs. W. A. Avery and Miss Avery, of Seattle; Mr. W. Eastbrook, of Seattle, and Mrs. Horace Wood, of Vancouver, B.C.

Among the many beautiful gifts received by the young couple was a handsome silver tea service from the De Forest Radio Company, of Toronto, of which the bridegroom is advertising manager. Mr. and Mrs. Basingthwaight left later for Toronto, the bride traveling in a gown of beige crepe de Chine with Kaisha cloak and hat of mohair and lace to match.

Among the guests at the Empress Hotel during the early part of the week was Mr. C. B. McBride, vice-president of the Riley Engineering and Supply Company Limited, Toronto, who has just completed an extended business trip through the Western Provinces. Mr. McBride is a nephew of Mrs. W. L. McLennan, 311 Vancouver Street.

Judge Emily Murphy of Edmonton, who is known to thousands of Canadians as "Janey Canuck," is a visitor in the city, recuperating from a recent illness. Mrs. Murphy, who is accompanied by her daughter, Miss Evelyn Murphy, will leave on Sunday morning by boat for California for a few weeks' holiday.

Mrs. G. D. Christie entertained this afternoon at her home on Esquimalt Road with four tables of bridge in honor of her sister, Mrs. Noel White of Edmonton and of Mrs. A. B. Macdonald of Vancouver. The other guests present were Mrs. R. H. Pooley, Mrs. Alexis Martin, Mrs. Lorne Campbell, Mrs. W. Thackray, Mrs. G. Gilman, Mrs. W. G. Colquhoun, Mrs. Stone, Mrs. J. R. Grigg, Mrs. Walter Barty, Mrs. C. S. Wilkie, Miss Alice Pooley and Miss Sara Spencer.

Mrs. Ena Griffin was hostess at a kitchen shower, held at the home of Mr. G. A. Marconini in honor of Miss Winnie Marconini, popular June bride-elect. The rooms were prettily decorated with pink and white streamers and roses, the gifts being concealed in a large pink and white basket. Miss Marconini entered the rooms to the strains of the Wedding March played by Miss L. McKenzie. Games and music were followed by refreshments, the centre of attraction being the miniature bride and groom. The invited guests were: Mr. Griffin and the Misses Winnie Marconini, Madge Marconini, Phyllis Christopher, Myrtle Moore, Lily McKenzie, Ethel Cave, Dorothy Gandy, Rena Watson, Dorothy West, Maude Brown, Dorothy Curran, Fazel David, Marguerite Moxton, Grace Huddleston, Evelyn Reid, Marion Moon, Jean Campbell, Mabel Rutledge, Constance Weldon, Jenny Garvey, Muriel Poulton, Kay Ringdon and Dorothy Hunt.

North Quadra Scouts—The North Quadra Boy Scouts and Wolf Cubs held a very successful fair and garden party at the home of Mrs. Coleman, 3149 Cook Street, Wednesday. It was opened at 3.30 p.m. by Reeve Crouch of Saanich who was introduced by A. R. Sharwood, president of the Victoria Boy Scouts Association. H. T. Ravenhill, assistant Provincial Scout Commissioner, was

also present. During the afternoon an entertainment was given including dances by Miss Olive Jordan, Miss Christine Schmelz and the pupils of Miss Clough. The dances were beautifully rendered. The Cubs gave a realistic imitation of an Indian war dance. The proceeds amounted to nearly \$70, and the committee wish to thank everyone who attended and helped to make the affair such a success.

Girls Start Hike From Vancouver To Los Angeles

Seattle, June 8.—The three "musketeers" in other words three feminine framers of the "musketeers" left Seattle today on the second leg of their coast hike from Vancouver, B.C., to Los Angeles. They arrived in Seattle having traveled the 1000 miles between the two northern cities in record breaking time for hikers.

The three young ladies by name are Queenie Cooper, May Bradstreet and Gertrude Preston.

"Of course we intend to hike all the way," Miss Cooper said. "But we have a slogan, 'flag no rides, but consider a bit.' So far the slogan has worked great. You should have seen the Ford we arrived in Seattle in."

No attempt to revolutionize the movie industry with their particular type of beauty will be attempted, the young ladies announced. But each of them has a small leather-bound autograph book, and they intend to return with the signatures and remarks of every screen star in the motion picture colony tucked away in it.

Attired in the most approved fashion for hiking, each of the self-styled "musketeers" had a single woolen blanket strapped over her shoulders. They intend to stop at the various automobile camps en route, but should the slogan fail, a farmer's hay stack will seem like heaven, they said.

C. C. Pyle of Bunton Derby fame is not backing the enterprise, according to the young ladies, and the only prizes at the end of the long jaunt will be a first sight of an as yet undiscovered land.

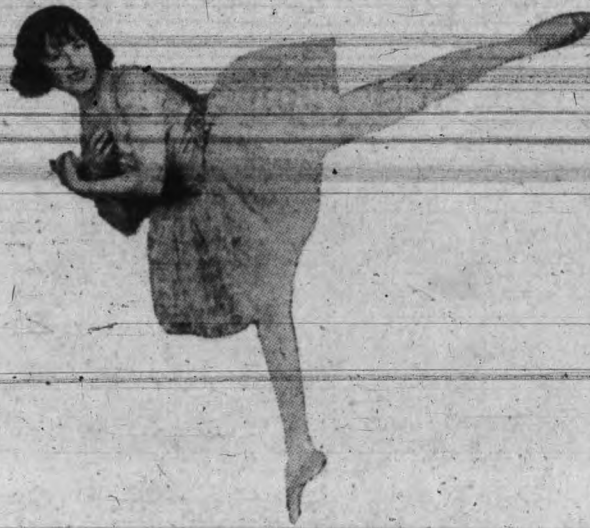

LADY DOUGLAS I.O.D.E. AIDS MANY CAUSES

At the meeting of the Lady Douglas Chapter I.O.D.E. held yesterday in the new municipal headquarters, Union Bank Building, the members expressed themselves as been very pleased with the bright and convenient rooms.

Two members, recently bereaved, Mrs. Edwards of her husband, and Miss Leighton of her father, were remembered with a silent standing tribute, and two sick members were also kindly remembered.

In connection with the May 24 celebrations it was reported that the letter-

ing on the lawn of the harbor had been favorably noted by the public, the work having been done by the Red Cross Workshop.

In her report the education secretary, Mrs. E. C. Hayward brought in an appeal from the municipal chapter for a special case of secondary education, to which the chapter voted \$10.

The Echoes secretary, Mrs. Boyd, brought in the report of the Municipal Chapter and asked for officers of help for Alexandra Rose Day, on June 16, the Lady Douglas Chapter has been assigned David Spencer's Ltd. corners.

Members willing to help either by selling or at headquarters are asked to send in their names to the municipal chapter convener, Mrs. Walter G. Nichol. Regret was expressed at the absence of Miss J. Crease through indisposition, her report on the Girl Guides' work was read, and the regent, Mrs. R. B.

McMicking seconded her request that members should patronize the garden party being given on Saturday afternoon at Government House by the Girl Guides, and asked that contributions of cakes, etc., should be left in the care of Mrs. Tobin, at Clay's Bakery, to-morrow.

A letter of thanks from the Local Council of Women for the Chapter's donation of \$10 toward their assessments was read by the treasurer, Mrs. J. S. Brown.

At the next monthly meeting on July 5, final arrangements will be made for the summer day on August 27. Members were asked to make a note of the above dates.

SOCIAL AND PERSONAL

Mr. and Mrs. J. Hayhurst of Calgary are on a visit here as guests of Mr. and Mrs. F. Grieve, Myrtle Street.

Miss Helen Fowler, daughter of Mr. and Mrs. P. B. Fowler, left yesterday afternoon for a four months' visit to England. En route she will spend a few days as the guest of Mr. and Mrs. Grange V. Holt of Vancouver.

The ladies of the Women's Guild of the First United Church were hostesses at a delightful tea at the residence of Mrs. F. J. Peatt, Craigflower Road on Wednesday afternoon. Mrs. Peatt and Mrs. A. S. Christie, president of the guild, received the guests while Mrs. Conner, Mrs. Stewart and Mrs. McLehane were in charge of tea and refreshments. The decoration throughout were beautiful, being composed of choice roses and wonderful greenery. The following artists supplied a charming programme of vocal numbers: Mrs. W. H. Wilson, Mrs. Shaw, Mrs. J. McCall, Miss Mercer and Miss McKay. The monetary receipts were very satisfactory.

from him will be the night one. This is the hardest, naturally, but if he does not outgrow this in due time after having had cups or glasses to drink from at all other meals then it is wise to make away with the bottle so there is not one in the house and suggest that because there is none that he will now have his night meal just like his father and mother, "all of it," at the table.

If the mother does not act as if she expected trouble, and refuses to be moved by his demands for his bottle, this will not be a serious matter. All matters become serious when a mother can't stick to any plan she has outlined, but lets the child get the upper hand.

RECORD CROWD SEES RECORD CLASS OF NURSES GRADUATE

the relations between the hospital and the municipalities was most cordial and harmonious, and he also paid tribute to the generosity of the Liberal Government towards the hospitals of the Province. He also emphasized the fact that the hospital was perhaps more particular in making the returns to the Government than any other institution.

The hospital was intensely proud of its very efficient staff and of the nurses who graduated from its portals. Mr. McGregor observed in tendering his very good wishes to the 1928 class.

LIEUT.-GOVERNOR'S GREETINGS

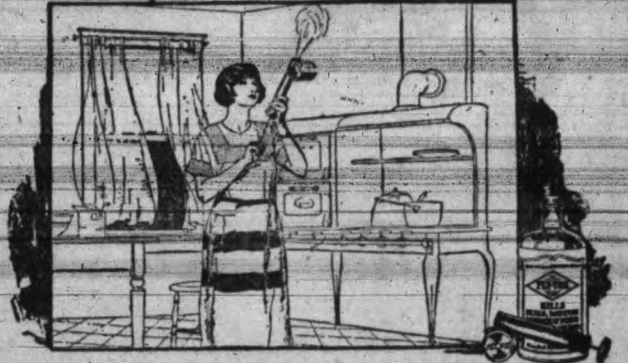

Dr. E. M. Pearce read a letter from His Honor the Lieutenant-Governor, expressing regret that his absence from Victoria precluded his presence, and tendering the graduates his hearty congratulations and good wishes.

On behalf of the city, Acting Mayor P. R. Brown warmly congratulated the graduates, and spoke a few words of encouragement to them on the threshold of their chosen career. Their calling was one of great responsibility, one in which only those endowed with great gifts could hope to succeed, but the excellent training given at the Jubilee Hospital should stand them in good stead.

THE GRADUATES

The diplomaes were then presented by Mr. McGregor, Miss Mitchell, director of nursing, pinning on the badge as each girl filed past to the accompaniment of rousing applause. The graduates were: Misses K. Elise Oliver, Audrey L. Price, Mayford E. Kerr, Netta Parfitt, Margaret P. Barbour, Emma Collett, Grace E. Eford, M. The Secret of Sunlight's Magic Lather

THE secret is told in two words—told on every mellow bar of Sunlight Soap.

Millions of women know it.

Mothers tell daughters... and daughters tell friends.

The words are "GUARANTEED PURE." Here then, is the secret of Sunlight's Magic Lather.

Sunlight, being all pure soap, dissolves quickly. No hard rubbing to work up the lather, but plenty of bubbly, lasting suds at once.

And this guaranteed purity is, why Sunlight never harms fabrics or hands, why it is the best value your money can buy. And why millions of women are never without it.

In your own home you will enjoy discovering the secret of Sunlight's Magic Lather for yourself.

Your Baby and Mine

By MYRTLE MEYER ELDRED

DRINKING FROM A CUP IN ORDER THE SECOND YEAR

When the baby has had nothing but bottles for one whole year of his life it isn't always an easy matter to divorce him from them. Habit is very strong in children and milk which has been flavored by a rubber nipple for long months doesn't taste at all the same when taken from a cup, nor is there the comfort in drinking that there is in leisurely sucking. Cups are business like affairs and he wants none of them.

From early in life a baby should be given water or part of his milk formula from a cup or glass. Some children take to this very easily, in fact, when breast fed, may refuse bottles in favor of cups, but the average child accepts a bottle but later refuses a cup.

It is not a serious matter if a child of one year is still taking a bottle, but it is a serious matter if a child of two still is. We can allow the baby of one to mess his food about and let it fall from his spoon but at two-years we expect him to be able to eat with some degree of daintiness and accuracy. That is just part of his natural development if he has been allowed for a year to use a spoon.

It is a serious matter, too, to snatch the bottle away from a baby at one year, but begin at ten or eleven months to offer part of each bottle feeding from a cup. It is better at nine months to wean the baby to a bottle just because of his inability at this age to take enough milk from a cup, but as soon as he is weaned, then one should go about encouraging him to this new way of taking his milk so that he will have this lesson learned beautifully at fourteen or fifteen months and will no longer be a baby in his bottle.

Eighty Juniors Will Start Play In Court Tournament Saturday

Largest List in History of B.C. Junior Tennis Championships Received by Secretary Jackson, of Victoria Lawn Tennis Club; Present Champions Entered and Will Find Plenty of Hard Opposition From Other Youngsters Entered

More than eighty entries for the British Columbia Junior Tennis Championships had been received at closing time last night by F. A. Jackson, secretary of the Victoria Lawn Tennis Club. This number is considerably larger than last year's list and will go a long way towards making the tournament a success. The draw will be made to-night, with play starting to-morrow.

Nearly all the local schools are well represented, with St. Margaret's St. George's and Norfolk House providing most of the competitors among the girls and Brentwood College, University School and Oak Bay High School furnishing the bulk of the boys' entries.

INTEREST CENTRES ON SENIORS

Interest is centred mainly on the under eighteen events, where the entries are usually the largest. In these classes Doreen Swayne and Steve Jones, the defending champions, are overwhelming favorites to retain their titles. Joan List, Jean and Helen Campbell and Doris Rines are expected to furnish the opposition to Miss Swayne, while Elliott McGowan, last year's runner-up, and Rocky Robertson present under fifteen and under sixteen championships are expected to do the same among the boys.

Joan List has a fine chance to carry off the honors in both the under fifteen and under sixteen girls' events, although she will have to face stiff opposition from other promising young players.

HARD TO PREDICT

The results in the younger boys' events are hard to predict, as the majority of the entrants are playing in their first tournament.

TIMES NEARS TOP OF LOOP

Defeat League-leading Marigold Softballers to Get Within One Point of Top

Scoring the winning run in the last half of the ninth inning when Nite scored from second on a long hit by Colton, the Times softball team climbed to within one point of the league-leaders in the Westholme league last night. The Times put the score under Marigold by a 13-12 score. The play was featured by the hitting of Salloway and the sterling work of Fox at third.

There is plenty of congestion at the head of the ladder in this league, with Marigold and Langford hanging on jointly to the first position and the Times just half a game behind.

Langford gathered in another victory last night to share the first berth, defeating the Wilfert Lumber by 11-5. Colton's batting at Victoria West Park during the game was a one-run margin by 14-11. It was the second victory of the season for the Crescents.

FOUR CRICKET TEAMS ACTIVE

Cowichan Hold Bye To-morrow; Incogs and Victoria Meet in Feature Match

All four local senior cricket teams will be engaged to-morrow afternoon, with Cowichan, the only out-of-town club, holding the bye.

The matches will be as follows: Five C's vs. Victoria at Mt. Tolmie; Incogs vs. Cowichan at Beacon Hill. The Incogs, last year's champions and present leaders, have been hitting the ball vigorously all season, and they met another good hitting team in Victoria to-morrow so that a stiff match can be looked for.

The Albions and Five C's are evenly matched, and a keen game should result.

The local junior cricket team will travel to Vancouver to-night to meet the mainland juniors in a match to-morrow morning at Brockton Point.

KINGSTON AND VICTORIA MEET

First Inter-club Matches of Tennis Season Arranged For Week-end

Teams from the Victoria Lawn Tennis Club and the Kingston Street Tennis Club will resume their old rivalry on Sunday in a home and home series, the first of the current season. The "A" teams will play at Kingston Street and the "B" teams at the Willows.

The teams will consist of six ladies and six men and singles, doubles and mixed doubles will be played during the day.

Both the "A" teams are at top strength and there is much speculation as to the result. Bud Hocking, Bob Swingers and Cliff Hodgson will head the home team while Marsh, Gordon and A. M. D. Fairbairn will probably lead the visitors.

Knox Coming To Fight Fielding Over Ten Rounds

Tommy Fielding, Vancouver Island junior lightweight champion, will meet Jackie Knox of Vancouver, in a ten-round bout here on Saturday June 16.

BASEBALL AND SOCCER ARE ON TAP SATURDAY

Capitals in Twin Fixture With Roche Harbor; Dangerfield and Blunt to Pitch

Esquimalt Will Meet All-star Team From H.M.S. Durban in Football Game

| ISLAND LEAGUE STANDING | P | W | L | D | P. |
|------------------------|---|---|---|---|----|
| Victoria Capitals | 6 | 5 | 1 | 0 | 10 |
| Courtenay | 6 | 3 | 2 | 1 | 7 |
| Duncan | 5 | 3 | 2 | 0 | 6 |
| Nanaimo | 5 | 2 | 3 | 0 | 4 |
| Chemainus | 4 | 2 | 2 | 0 | 4 |
| Port Alberni | 1 | 2 | 1 | 3 | 3 |
| Timberland | 3 | 0 | 3 | 0 | 0 |

Victoria Capitals, leaders of the Vancouver Island Baseball League, will oppose Roche Harbor here to-morrow afternoon in two games. The first will get started at 2.15 o'clock and the second at 6 o'clock. The last game will be staged as part of a double attraction along with the soccer game between the Esquimalt eleven and a picked team from H.M.S. Durban, now in port. The football match will start immediately after the finish of the first ball game at 4.30 o'clock.

In their league games the Caps have lost only once. Their team will be strengthened to-morrow by the addition of Art Webster, who will return to the game after a month's suspension. Webster is a nice ball player and should be a big help to the Island League club. Ross Oatman, who has been playing first base since the season, will be shifted to the outfield.

LOCAL PITCHERS

Jimmy Dangerfield and Adolph Blunt will handle the pitching for the Caps with the former starting in the first game. Bill Moore will be behind the plate. The locals now have two catchers, as Tommy Bowden has returned from the East and is getting into shape ready to take up the position if necessary.

URBAN TEAM STRONG
The soccer game should attract plenty of interest, as the Durban has a fine team. Esquimalt, strengthened by the addition of several Victoria West players, have a formidable club, winning their first game last week in the Connaught Cup series. The Durban has no less than five football teams aboard, and their all-star club played up everything on the China station.

The Durban team will line up as follows: Kerwell, Drouotout and Rees; Williams, Wood and Dash; Taylor, Darlington, McFarley, Dunlop and Bryant. Referee—Leading Seaman Payne.

Mickey Ion Soon To Appear For Sentence

Seattle, June 8.—P. J. "Mickey" Ion, hockey referee, yesterday pleaded guilty in superior court here to a charge of driving an automobile while intoxicated. The outgrowth of his arrest May 13. Sentence will be imposed next Monday. Ion's automobile knocked a twelve-year-old girl, Billie Miller, from her bicycle.

When Sisler Joined the Braves

When the Boston Braves trimmed Philadelphia in the latter's home town the other day it marked the first time that George Sisler, formerly first-sacker of the Washington Senators, had played in a National League game. Here's Sisler, left, recently acquired by the Braves, with Rogers Hornsby, new manager and second-baseman of the Boston team. Both Sisler and Hornsby made their first bid for fame with St. Louis teams. Sisler was first baseman with the St. Louis Browns and was regarded as the best of all. He had eye trouble and after a year as manager of the team, slipped badly and was sold to Washington this Spring for \$15,000. Recently he was waived out the American League. Hornsby achieved fame with the St. Louis Cardinals and after leading the team to the world's championship, was sold to the New York Giants. After a year with the Giants he was sold to Boston.

Extra Inning Games Feature Great Race In National League

Brooklyn Nose Out Cincinnati in Eleven Innings and Pittsburgh Beat Boston in Twelve Innings; New York Giants Get by St. Louis Cards in the Ninth Inning With Pinch Hit, American League Continues Joke With Yankees Winning as Usual and Ruth Hitting Home Run

Raked by Brooklyn rifle fire, the Cincinnati Reds to-day found most of the National League pack yelping uncomfortably close upon their heels. Old Bill Doak pitched the Dodgers to a sensational eleven-inning 1-0 victory over the Reds at Brooklyn yesterday. Meanwhile the New York Giants nosed out the St. Louis Cardinals 4 to 3 at the Polo Grounds and moved up to within a game and a half of the league leaders.

Doak and Pete Donohue hooked up in one of the prettiest pitching duels of the season before the final break came.

PINCH HIT DOES TRICK
Jack Cummings' pinch hit in the ninth enabled the Giants to beat the St. Louis Cardinals as Benton recorded his ninth victory in eleven starts, all of them complete games.

Scott's homer, a single by Adams and L. Warner's double gave Pittsburgh two runs in the twelfth inning and an 8 to 6 victory over the Boston Braves. Five home runs were smashed out. Scott getting two, the others going to Hornsby, Barnhart and Taylor.

The Philadelphia Nationals broke their nine-game losing streak at the expense of the Chicago Cubs, Ray Benge turning in a 4-2, six-hit victory. Hack Wilson hit his tenth homer of the season.

YANKEES AGAIN RUN WILD
The New York Yankees stretched their American League lead to ten full games by defeating the Cleveland Indians 8 to 2. Four-run rallies in each of the last two innings gave George Pipgras his tenth victory of the year.

Pabe Ruth hit his twentieth homer of the season and Lou Gehrig his twelfth.

Crowder allowed only four hits as the Browns defeated the Athletics at St. Louis 4 to 1.

The Boston Red Sox found Owen Carroll a puzzle and Detroit took a 3-3 win from Navin Field. The Red Sox got only five hits off the former Holy Cross star.

Chicago fell into last place in the standing when the Sox bowed before Washington 7 to 5.

Yesterday's results were:

DAVIES FANCED TO WIN BICYCLE RACE ONCE MORE

Vancouver Rider Here With Six Others For Race For Colonist Cup

Forty-six Riders Will Face Starter in Five Different Classes

Forty-six riders, including six from Vancouver, will be sent away at various intervals in the annual bicycle race for the Colonist Cup to-night. The riders will be lined up in their respective classes by Lester Patrick, supervisor, and instructed in the conditions of the race. Chief of Police John Fry will then fire the gun and send the boys away.

There are five classes and the rider making the fastest time over the course, which leads from the corner of Quadra Street and King's Road to the Saanich Health Centre and back to the starting point, will be presented with the Colonist Cup. It is customary for one of the class A riders to pick off this event, but there is always the possibility of one of the younger riders coming home in front.

DAVIES FANCED

The last two races for the trophy have been won by Jim Davies of Vancouver, and now that Bill Peden away it is considered quite likely that the mainland rider will again pick up the honors, which will give him permanent possession of the cup. Stan Jackson is the main hope of local riders to take the honors.

Large crowds will watch the progress of the race. The assistance of the city, Saanich and provincial police forces has been enlisted to protect the riders on the highways.

The officials will be as follows: Honorary judge, Alderman James Adam; judges, H. Anson, A. W. Trevett and Elwood Watkins; referees, J. L. Tait, W. E. Standley, Alex. Stewart; official handicapper, Joe Hancock; timekeepers, W. Duncan, J. Wenger, W. H. Wilkerson, W. Francis and W. S. Macquinn; starter, Chief Fry; doctor, James P. Grant; secretary, G. W. Robinson; police patrol, City Police Department; Saanich Police Department; British Columbia Provincial Police; stewards, C. A. B. J. Smith; Class B, J. Aaronson; Class C, Dick Ruffin; Class D, R. E. H. Jackson; Class E, J. H. Crother; clerks of course, W. Jasper, Y. S. Bell, Bert Campbell, C. Patterson and Bob Smith.

The official list of entries, in their respective classes, follows: Class "A"—Riders over the age of sixteen, using racing bicycles (Blue): 1. Stan Dowling, Nanaimo B.C.; 2. Lewis Rush, St. James; 3. Stan Peden, 4. D. H. Macquinn; 5. Richard Jackson; 6. Beverly C. Peden; 7. Dave McCreedy, Vancouver; 8. Ernest Peden; 9. Jas. A. Davis, Vancouver; 10. Stan F. Carson, Vancouver; 11. P. Tyson.

Class "B"—Riders over the age of sixteen, using roadster bicycles (Red): 20—Richard J. Duncan; 21. Casar Finnimore; 22. Maurice Irving, Vancouver; 23. Robert Peden; 24. G. D. Parrott; 25. George West; 26. William Jones; 27. James P. Taylor; 28. Theo. Walters; 29. W. J. Wood; 30. J. H. Crother; 31. Riders under the age of sixteen (Yellow): 40. Ray Walker; 41. Gerald M. Ward; 42. William Epey; 43. J. Hendry; 44. Ralph Salomon; 45. George, George; 46. L. MacGavin; 47. Glen Robbins; 48. H. Davies, Vancouver; 49. Thomas Wood.

Class "D"—Riders under the age of thirteen (Green): 60. Victor E. E. P. Waring; 62. Robert Ballantyne; 63. Victor Headdy; 64. Clarence Kennedy, Vancouver; 65. L. B. Douglas; 66. Charlie Jordan; 67. David Spring; 68. H. Vaio; 69. B. Wensley; 70. Delbert Jasper.

Class "E"—Whites under the age of thirteen (White): 80. Kenneth Rickman; 81. M. Patrick; 82. Irving O'Connell; 83. Kenneth Rickman.

Prizes for the five classes in addition to the Colonist Cup are as follows:

Class "A"—1, silver cup, C.C.M. Company Limited; 2, silver cup, Pimley & Co. Limited; 3, silver cup, Harris & Smith.

Class "B"—1, silver cup, Dunlop Tire Company; 2, silver cup, Jim Bryant; 3, silver cup, B. J. Smith; 4, silver cup, Marshall-Wells B.C. Limited; 5, silver cup, J. Aaronson.

Class "D"—1, silver cup, Peden Bros.; 2, silver cup, Crowther Bros.; 3, silver cup, R. A. Ruffin.

Special prize—Wilkenson Cup. This cup goes to the rider in Class "A" or "B" cutting down last year's time by the greatest margin. It must be won three times before becoming the permanent property of the rider.

A miniature of medal will go to the winner each year.

Special prize—Purcup Cup. This goes to the rider in Class "C" or "D" or "E" who cuts down the time of last year by the greatest margin.

Revolver Shooting Will Feature Police Sports Next Month

Teams From Vancouver, Seattle, Portland, Tacoma, Edmonton and Los Angeles Will Compete in the Events Being Staged by Victoria Police Mutual Benefit Association on July 10; Big Track and Field Meet Will Be Held July 11 at Willows; Women Will Participate in Special Revolver Competitions

Hundreds of policemen, their wives and children, will gather at the Willows Oval on July 11 for the annual sports to be staged under the auspices of the Victoria Police Mutual Benefit Association. A lengthy programme of track and field events has been arranged and the sports promise to be more successful this year than ever before. The sports will stretch over a two-day period, as on July 10 the Association will hold their annual revolver shooting competition at the Esquimalt range of the Royal Canadian Mounted Police.

Victoria police are taking great interest in this year's sports and all having been working hard to put the events over with every success. The police sports are one of the main sporting events staged in Victoria during the year and always draw a large attendance.

Deputy Chief Harry O'Leary is acting as chairman of the sports committee, and when interviewed to-day he stated the entry list would be exceptionally heavy.

MANY TEAMS COMING
The big feature of this year's programme will be the revolver shooting competition. Teams will compete from all parts of Canada and the United States, as far east as Edmonton, and as far south as Los Angeles. Teams are expected to enter from Victoria, Vancouver, Seattle, Portland, Los Angeles, Edmonton and possibly Tacoma. An innovation in this year's competition will be two events for women competitors. The first will be a 25 yard five shot string, at twenty yards. The second will be a 25 yard five shot string, at twenty yards. The third will be a 25 yard five shot string, at twenty yards. The fourth will be a 25 yard five shot string, at twenty yards. The fifth will be a 25 yard five shot string, at twenty yards. The sixth will be a 25 yard five shot string, at twenty yards. CHINESE UNFIT FOR GOVERNMENT, SAYS COLERIDGE

Commander of H.M.S. Durban Talks on Present Situation in China

"All that the numerous Chinese generals one reads about in the press are out for is all the cash and property that they can possibly get. They get it and if they are lucky enough they keep it, and then get out of the country," said Capt. George Lincoln Coleridge, R.N., commander of H.M.S. Durban now stationed at Esquimalt, where she arrived last week from the China station at Hongkong, to a gathering of the United Service Club of Vancouver Island at a dinner held in his honor in the Empress Hotel ballroom.

Capt. Coleridge has been with the Durban in Chinese waters for eighteen months and in this way secured first-

hand information about present Chinese troubles which he imparted to his audience.

RAMBLING ARMIES

Captain Coleridge spoke of the gigantic rambling armies which these generals gathered together, the numerous generals and cabinets and presidents which China had had in recent years and then asked if it was any wonder China was to-day in such a chaotic condition.

"The Chinese are absolutely unfit for government," the speaker declared. "The only way, it seems, to rule China properly is with an iron hand."

Speaking of the generals who had been before the public eye in recent years, Capt. Coleridge said that, in taking the leadership none of them had been inspired by national feeling or love of China. They had taken the responsibility, if such it might be called, merely for the selfish purpose of getting all they could out of the position and then retiring.

LANTERN SLIDES

Captain Coleridge illustrated his address with a number of lantern slides, which showed several Chinese cities, including Shanghai, Hongkong and Canton. The state of these once beautiful cities was now an absolute disgrace, said Captain Coleridge.

Instead of their one time beauty and serenity they now were littered with filth and rubbish.

WITH IRON HAND

"Trade in China," concluded Capt.

Coleridge, "has been completely ruined by the chaotic condition of the country during the last sixteen years. This chaos will only end when China is ruled with an iron hand."

Col. J. Lightbody presided at the meeting and Brig-General A. G. L. McNaughton, moved a hearty vote of thanks to Capt. Coleridge for his illuminating and interesting address. He felt sure, he said, that all who heard it would in the future read with much more interest and understanding accounts of the conditions in China.

Keating

Keating, June 7.—Spanish pioneer families and friends held their annual picnic and reunion at the Experimental Farm Saturday afternoon.

A programme of sports was staged during the afternoon under the direction of Councillor L. Hagen, C. Moses, T. Lidgate, A. McDonald, R. E. Nimmo and G. T. Mitchell.

The winners were as follows: Children, 8 years and under—1, Myrtle Lidgate; 2, Doreen Kennedy; 3, Helen Lidgate; 4, Arthur Brethour.

Children, 10 years and under—1, C. Coates; 2, Albert White; 3, Beatrice Lidgate.

Children, 12 years and under—1, Robert Martindale; 2, Carl Coates; 3, Moore Ferguson.

Children, 14 years and under—1, Robert Martindale; 2, Arthur Jeune; 3, Harold Kennedy.

Young men, 16 years and under—1, Lillian Lidgate; 2, Beatrice Lidgate; 3, Arthur Gillan and Albert White.

Three-legged race—1, Helen and Beatrice Lidgate; 2, Edith Wilson and Lillian Lidgate; 3, Carl Coates and Robert Martindale.

A basket supper was enjoyed by all and was partaken of under the trees. A hearty vote of thanks was expressed to Professor Straight for his kind assistance towards the success of the outing.

The baseball game between the Centre Road Owls and the Bazar Bay Night Hawks resulted in a draw with a 13-13 score. The line-up was as follows: Night Hawks, Sandbury, W. Beswick, V. Harris, W. John, Raket, G. Heale, P. Rickett, W. Hill, F. King, W. H. Nunn, F. Nunn, W. Lynn, C. Hill, P. Lannon, J. Nunn, A. Nunn, J. Lannon and E. Lannon. Umpire, R. M. McAuley.

The south western young people enjoyed a very interesting evening on Tuesday in the church parlor when Miss Adele McLeod, a former member of the staff of the Victoria High School addressed the members after the regular business session. Miss McLeod chose as her subject the "Passion Play of Oberammergau." Miss McLeod of the intellectual committee had charge of the evening's programme. Refreshments were served at the close of the meeting. The social conversers are arranging a bonfire party at Island View Beach for the next meeting on June 19.

FIRST PHOTO FROM HONOLULU OF TRANSPACIFIC FLIERS

This Picture Was Transmitted 5,000 Miles in Less Than Four Hours.

By means of two remarkable inventions—radio and telephoto—this picture showing the arrival of the transpacific fliers at Honolulu was flashed 5,000 miles over land and water in less than four hours. The photo shows Captain Kingsford-Smith, Relief Pilot G. P. T. Uim and Radioman James Warner of the "Southern Cross" being greeted at Wheeler Field, near Honolulu, by Governor Farrington, of Hawaii, and two of the Dole race fliers. From left to right are Farrington, Warner, Martin Jensen (Dole flier), Kingsford-Smith, Uim and Art Goebel, winner of the Dole race. The picture was taken by an NEA photographer at Wheeler Field, transmitted by radio from Honolulu to San Francisco and thence by telephoto wires. Observe the festive Hawaiian leis which the governor of the Islands has placed around the necks of the daring fliers.

THREE TEAMS TIED FOR LEAD

Sidney Defeat C.P.S. to Tighten Up Race For Lacrosse League Honors

By defeating the C.P.S. 4-3 last night Sidney created a triple tie for the lead in the Victoria District Lacrosse League between the Sons of Canada, C.P.S. and Sidney. The game was played at Sidney, the winning goal coming from Joe Mitchell's stick a few minutes before the final whistle.

Sidney were the first to break into the scoring column when Segelbra went nearly the length of the field to beat Crossley with a fast shot. C.P.S. took up the attack and tied up the score three minutes later on a goal by Mercer.

PUSHED INTO LEAD

In the second quarter the Victoria team worked hard for a goal, but Sidney's defence stood up well, keeping their goal clear. Sidney finally obtained the lead, Mel Hicks driving a hot one between the pipes. Jennings put the home club two goals in the lead with a long shot.

Lionel Crossley put C.P.S. on even terms again in the third quarter with two well earned goals.

Play in the final period was fast with

the clubs trying desperately for the winning counter. Mitchell's goal broke up what was a good game and brought joy to the hearts of the home supporters.

BALL TEAMS TO PLAYOFF

Westholmes and Sidney Meet To-night in Deciding Game For First Half Honors

To decide the honors of the first half of the Commercial Baseball League schedule the Westholmes and Sidney will play to-night at the Royal Athletic Park, commencing at 8:15 o'clock. Manny Simpson has been selected to hurl for Sidney while Al Mummery will oppose him. Simpson turned back the Westholmes last week by a 3-2 count, while Mummery has yet to taste defeat this season. A real pitchers' duel is looked for.

The winner of to-night's game will earn the right to oppose the winner of the second half in the series for the McGavin Cup.

TENNIS TALKS

Three Effective Services Are Used By Tennis Stars

By GEORGE M. LOTT JR.

The player having a good service is automatically on at least equal terms with his opponent. In doubles the loss of a service means practically the loss of the set. And the same is true in a singles match between two top-notch players.

There are several types of services that are equally effective. First of all is the plain "American twist" service. Gerald Patterson, the famous Australian player, uses this kind exclusively. When his serve comes over the net, the ball looks like an egg, so much twist is there on it. This terrific amount of twist makes the ball take a break to the opponent's left when it hits the ground. By the time the ball reaches his opponent there is very high on his backhand and very difficult to return.

This type is doubly effective because very few players are able to control a high backhand shot. Secondly, we have the fast slice service as used by John Doe, the young California star, whose improvement is due almost entirely to the power of his service. There is no overspin on this type of service as on the "American twist." It is really a chop delivered as a serve. Upon hitting the ground, this service shoots out to the opponent's right.

Third and last of the effective services is the flat cannon ball as exemplified by Bill Tilden. There is no twist at all on this serve as it is hit with a flat racket. Due to this it is necessary to hit the ball at a good height above the head in order to insure its going over the net. Because there is no twist on the ball there is no drop on it and therefore there is only a small part of the service court for the ball to hit in. So the ball must be hit at a high angle.

It is a great thing to have all three types at your command because then you can put the ball in either corner of the court and if a service ace is needed, just bring out the cannon ball. Very rarely does a player have the three types.

Wife: "That's the kind of a husband to have! Did you hear Mr. Dike tell his wife to go and look at some '230 hats'?" Husband: "My dear, have I ever deprived you of the privilege of looking at '234 hats'?"

Gerald Patterson uses the "American twist" service exclusively. He is shown here after service.

HORNSBY GIVES AVERAGE BOOST

Rajah Is Hitting at Phenomenal Clip of .423; Waner Is Far Behind

Rogers Hornsby's home run and single failed to win for the Boston Braves yesterday, but they did lift the rajah's batting average five points to an astounding mark of .423. Two bases on balls and a sacrifice exempted Hornsby from three times at bat and made his low hits the more valuable.

Paul Waner, playing on the winning Pirate team against Hornsby, got a double and a single and drew easily away from Ruth with a mark of .359.

The Babe's average was stationary at .344 as he hit his twentieth homer. Both Cobb and Prich were hitless, but both remained above .300, with Cobb leading for fourth place by two points.

BEASLEY WILL MEET MATSON

Will Play 36-Hole Finals For Victoria Golf Club Championship

Art Beasley will meet Jack Matson in the finals of the men's championship of the Victoria Golf Club. They will play thirty-six holes on June 10.

In the semi-finals Matson gained revenge on Norman Fell for the defeat suffered two weeks ago at Qualicum in the finals of the Upper Island golf championship. Fell won on that occasion by 3 and 2. Matson, however, won his match with Fell at Oak Bay by 1 up.

Beasley won his way into the finals by defeating the veteran, A. V. Macan, by 1 up after a keen match.

Results in the championships are as follows: Club Championship—Semi-Finals Jack Matson defeated Norman Fell 1 up. Art Beasley defeated A. V. Macan, 1 up.

First Flight—Semi-Finals A. T. Goward defeated Hew Patterson, 2 and 1. A. V. Price defeated A. E. Haynes, 6 and 4.

Second Flight—Semi-Finals H. E. Hunnington defeated L. C. Boyd, 3 and 1. Ken Raymur defeated G. C. Johnston, 3 and 1.

Second Flight—Final H. E. Hunnington defeated Ken Raymur, 3 and 1.

RAISING FUNDS FOR BIG TESTS

B.C. Olympic Committee Seeks \$15,000 to Send Athletes to Amsterdam

Vancouver, June 8.—Under the patronage of His Honor Lieutenant-Governor Randolph Bruce and Hon. W. C. Nichol, a short intensive campaign for raising of \$15,000 to send British Columbia athletes to the Olympic Games at Amsterdam next month is under way. This sum will provide for the members of the New Westminster Lacrosse team, holders of the Mann Cup, representing the championship of Canada, who will compete against the United States and England in August, also for all British Columbia track and field men who qualify at the Olympic trials at Brockton Point on Saturday afternoon. Expenses will have to be provided for the sprinters, jumpers and weight men to Hamilton and return, the citizens of the ambitious city housing all candidates for places during the time of the trials.

Inasmuch as the track men will have to leave very soon to get a few days' workout at Hamilton before the trials, funds will be required almost at once to get them away. The Canadian Olympic committee has obligated itself to the extent of \$2,000. The New Westminster city council has donated \$1,000 and the committee in charge is hopeful of securing substantial amounts from the Vancouver City Council and the Provincial Government.

Under the auspices of the Quadrant School P.T.A. the tennis court will be opened to-morrow. All members are invited. Others wishing to be members may make application to the secretary of the tennis club, D. T. Tippa.

Britain Captures Second Match From Germans in Tennis

Birmingham, Eng. June 8.—Great Britain scored its second straight victory over Germany in the third round of European Davis Cup competition when to-day J. C. Gregory defeated the veteran German, Otto Froitzheim, 6-4, 4-6, 6-0, 6-0.

The German withdrew because of an injury to his right foot.

Edward Higgs won the opening singles match Thursday from Hans Hauer.

LAWN BOWLING

In the competition for the Laurie trophy at the Burnside Bowling Club the draw is as follows:

Hallam and Edwards vs. Eastham and Moulton.

Cumingsmith and Washington vs. Kidd and Tupman.

Lauchlan and Renfrew vs. Meadows and Mercer.

Holmes and Bing vs. Wells and Finlay.

Arnup and Handley vs. Devision and Hawkins.

Halliday and Cobb vs. Sinclair and Puse.

Hibben and Stewart vs. Harmon and P. Johnson.

Clarke and J. R. Johnson vs. Hancock and Goodwin.

The first round must be played before June 19. Second round before June 30, and third round before July 7. The final will be played at a date to be arranged later. There will be fifteen ends.

Langford

Langford, June 8.—The formal opening of the new courts of the Langford Lawn Tennis Club will take place on Saturday, June 9. The first ball will be served at 8 o'clock. Invitations have been sent to all those who have helped to make the courts possible, but a cordial welcome is extended to everyone interested in the club to be present. Tea will be served during the afternoon.

The Women's Auxiliary to the Canadian Legion No. 91 Prince Edward branch, met on Monday night in the club annex. Mrs. Meredith Jones, president, presided over a good attendance of members. It was decided to postpone the gala day previously arranged for July 2, until a later date. Mrs. J. Saltmarsh, Albert Head, offered her home for a silver tea, the date to be decided later. The members of the Prince Edward branch joined the W.A. for general business, after which refreshments were served by Mrs. R. Brown (Happy Valley) and Mrs. Henry Pike (Langford).

You Can Quickly Limber Up Sore, Stiff, Swollen Joints

Even Chronic Rheumatic Swellings in Knee, Elbow, Shoulder or Finger Joints Yield to the Mighty Powerful Influence of JOINT-EASE.

It's here, right in town and MacFarlane Drug Co. and every live drug-gist has it.

It's a low price remedy, to be sure, but that doesn't stop it from taking the kinks, lameness or torture out of your troubled joints.

Joint-Ease is the name, so called because it is compounded solely for the purpose of relieving all joint ailments. Just rub it on the tormented, lame

joints and in just a few seconds it will penetrate to the bone and blessed comfort comes quickly.

It absorbs instantly and is so clean and stainless that you can rub it on often and get thereby results much more quickly, when the joint is inflamed and the agony intense.

Being such a powerful counter irritant, it cannot help bringing speedy and helpful results in congestion, sore throat, chest colds, lumbago and neuralgia much quicker than almost any remedy you can buy.

But you must remember that it is for joint afflictions that it is mostly dispensed and its helpfulness will astonish you after all ordinary liniments and other treatments have failed.

JUNIOR GROUP WINS PRAISE

One of Most Important Accomplishments of Chamber of Commerce During Year

Formation of the Junior Chamber of Commerce was stressed as one of the outstanding accomplishments during the year in a report presented by the board of directors at the annual meeting of the senior chamber to-day.

The part the senior chamber played in the formation of the Junior Chamber and something of the activities of the group were mentioned.

Regarding the new body the report says: "Perhaps the most important activity has been that of the formation of the Junior Chamber of Commerce. More than a passing comment is due to the interest and effort of our immediate past president, C. P. W. Schwengers. Every appreciation is due him for the initial move to bring this branch of our organization into existence. The organizing details were left very much in his hands and those of Archie Muir, the first president of the Junior Chamber, who unfortunately for Victoria has been called from this city recently to take over an important post commanding his attention throughout the Province. Mr. Muir, however, still retains his membership with this chamber."

"The Junior Chamber is now fully organized and has already several accomplishments to its credit. The board wishes to congratulate the Junior Chamber, as well as W. T. Sgarbi upon his election recently as president of this section."

A Little Show Made 32 Cents For Refugees

Many of Victoria's citizens have given generously to the Near East Relief and Save the Children Fund, but few donations can have been given as sincerely as that of little Tommy Marsden. In order to show his sympathy for the unfortunate children in the Near East, the youngster arranged a show entirely by himself. He charged each of his patrons three cents to see the performance, except the "little ones," whom he admitted for only one cent. So successful was that at the close of the day he was able to send thirty-two cents to F. Landsberg, the local representative of the relief organization. Here is a copy of the letter which accompanied his donation:

"Dear Mr. Landsberg, Please send the 32 cents to the Near East Relief and Save the Children Fund. I made a little show tonight and my friends and I charged them 3 cents and charged the little ones 1 cent and made 32 cents. I am 8 years old.—Tommy Marsden."

be kind
to your
mouth

Just think for a moment what a wonderful servant your mouth is to you. There is no organ of your body in more constant use or of more importance. So be kind to your mouth. Each day, for a few moments, MILTON-IZE!

Milton is the most delightfully refreshing mouth wash imaginable. A little of it mixed with water cleans and freshens your mouth and sweetens your breath at once. For false teeth, too, Milton is remarkably fine. Every germ Milton touches dies instantly. It is sure protection against ill which have their start from germs in your mouth. Such, for instance, as Colds, Sore Throat, Influenza. . . and Milton will actually arrest and prevent Pyorrhea. This has been proved by world-famous dental and medical authorities.

And Milton is safe. You can't have an accident with it. You could even drink Milton without receiving harm. It won't poison, burn or stain you. Buy a bottle from your druggist. Read the booklet of directions carefully. In five minutes you'll know why Milton has become a household word in Great Britain. . . in five days you'll be as enthusiastic yourself. For Milton really is marvelous. . . Three sizes, economical and inexpensive, 35c, 65c or \$1.

If your dealer can't supply you, order direct.

Births, Marriages, Deaths

DIED

CREWE-READ—On June 5, died passed away in Vancouver, B.C. John Officer, 70 years of age, born in Scotland, a native of Sydney, Cape Breton, Nova Scotia, and a resident of this city for the past five months. Late residence, 1114 George Street. The late Mr. Crewe-Read was a member of the Victoria Golf and Country Club and a member of the Rotary Club of Honolulu.

The remains are resting at the Thomson Funeral Home, 1625 Quadra Street, from where the funeral will take place to-morrow afternoon at 2:30 o'clock, when the Rev. E. W. Carter will conduct the service, and the remains will be laid to rest in the Royal Oak Burial Park.

DRIVERS

The death occurred in this city on June 7 of Charles Edward Driver, aged 70 years, and born in Barham, Kent, England. The late Mr. Driver had been a resident of Victoria for the past forty years, his late residence being at 564 Dallas Road. He leaves two daughters, Mrs. P. C. Swanson and Mrs. C. H. Dixon of Victoria; also two sons, R. W. Driver of Duncan, B.C., and G. W. Driver of Nanaimo, B.C. The deceased was a member of the Court of Vancouver Lodge No. 250, A.O.F.

The remains are resting at Hayward's B.C. Funeral Chapel, from where the funeral will take place on Saturday afternoon at 2 o'clock. Interment will be made in the cemetery.

VIOGERS

In this city, on Thursday, June 7, Francis John Henry Vioeger, aged 39 years, son of Mr. and Mrs. Frank Vioeger of 1449 Burton Avenue.

The funeral will take place on Saturday afternoon from McCall Brothers' Funeral Home, corner Johnson and Vancouver Streets, at 2:30 o'clock. Canon J. Hinchliffe will conduct the service, after which interment will be made at Ross Bay Cemetery.

STOCK MARKETS — FINANCIAL NEWS — GRAIN MARKETS

TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Ltd.)
Winnipeg, June 8.—Wheat: The wheat market was quiet with very little change going on. Opening prices were 14¢ higher based on the cables which were somewhat stronger than here, but there was no real support to the market and prices fell away to one cent under last night's close. On this dip there was a little buying by seaboard houses and prices rallied, regaining most of the earlier loss and held steady with little going on but offerings were very light.
There was a moderate demand for cash wheat, the lower grades being most wanted, but some No. 2 northern changed hands at 14¢ better than the card price. Other grades were about unchanged. The weather map was again very wet, heavy rains having been received all over the wheat belt. The rains were also reported from many stations in North and South Dakota, and other spring wheat states, which will relieve apprehension for the time being. Overnight export business was reported as very small and there was no evidence of such business here. European news continues bullish for wheat, unfavorable for corn. However, the foreign imported is showing no anxiety as to its future supplies and continues to buy on a hand to mouth basis only. The known large supplies in this country placed the foreigner in a comfortable position.

Russell's New Agency of New York, estimates world's production of wheat this year from 240,000,000 to 300,000,000 bushels less than last year, but present indications for Canada are very much larger crop. The United States Government crop report is due this afternoon, giving conditions of both winter and spring wheat. The Free Press will issue its second crop report of this season on Saturday morning and the Canadian Government will issue a condition report on Monday afternoon. Winnipeg futures closed about 1/4¢ lower, having eased off again in the closing moments.

Coarse grains—These markets were also very dull today with a poor demand from all directions. There was following the selling of yesterday, very little pressure on the markets with a little short covering at times. Closes were 1/4¢ to 1/2¢ lower; barley 1/4¢ higher to unchanged, and rye 1/4¢ higher to 1¢ lower.

Flax—Dull, featureless market with some easing, closing figures being 1/4¢ to 1/2¢ lower.

(By B.C. Bond Corp.)
Chicago, June 8.—Wheat: Market was rather dull the greater part of the session with prices holding within range of around 1/4¢ cents. There was considerable evening up for the government report, to be issued at 3 p.m. Chicago time today.
Early strength in Liverpool was more than offset by further rains in the Northwest on both sides of the line. Crop reports from the Spring wheat country were most optimistic as a result of recent rains. Export demand was better with sales in all positions estimated at 1,000,000 bushels, mostly Manitoba, but including some durum. Murray's late returns indicate United States Spring wheat condition at 53, as compared with his figures of 59.9 on June 1.
Corn: Liquidation was on in corn, declined as much as 2 1/2¢ cents under the previous close with July leading. Cash interests were the prominent sellers. Short covering caused a fair reaction from the inside figures. Weather from the belt was generally favorable for the crop with further rains over a wide area. Forecast was for cooler weather, however. Some corn to arrive here, spot basis was steady to 1/4¢ cent lower. We still favor sales of corn.

Chicago, June 8.—Wheat: Market was rather dull the greater part of the session with prices holding within range of around 1/4¢ cents. There was considerable evening up for the government report, to be issued at 3 p.m. Chicago time today.
Early strength in Liverpool was more than offset by further rains in the Northwest on both sides of the line. Crop reports from the Spring wheat country were most optimistic as a result of recent rains. Export demand was better with sales in all positions estimated at 1,000,000 bushels, mostly Manitoba, but including some durum. Murray's late returns indicate United States Spring wheat condition at 53, as compared with his figures of 59.9 on June 1.
Corn: Liquidation was on in corn, declined as much as 2 1/2¢ cents under the previous close with July leading. Cash interests were the prominent sellers. Short covering caused a fair reaction from the inside figures. Weather from the belt was generally favorable for the crop with further rains over a wide area. Forecast was for cooler weather, however. Some corn to arrive here, spot basis was steady to 1/4¢ cent lower. We still favor sales of corn.

"SATURDAY" TEA

"Pekoe" comes from the Chinese word "Pak-ho", meaning silver hair, which was applied to the tip leaves on the Chinese tea bush. Tip leaves are wiry in shape. In India they were more orange in colour, so were called "Orange Pekoe" (Pak-ho).

The Penny Princess

By ANNE AUSTIN Copyright 1928

"If he hadn't been in love with that girl for five years, I could tell him the truth, show him Jerry's letter. But if I do, I may lose him. Jerry," she patted the crackling sheets hidden in her bosom. "I'm afraid I'm going to disobey you—and take the consequences!"

CHAPTER XX

During the following two days Vera Victoria Cameron, whom every guest at the hotel believed to be Vivian Crandall, an ex-princess, was so busy being "wooded" by Schuyler Smythe and practically every other unattached male at the big resort hotel that she had little time to worry about the consequences of her recklessness in not advising Jerry by wire that the situation which he had predicted in his letter had actually come to pass.

Not once did she admit, in words, that she was Vivian Crandall, but she frequently shrugged her white shoulders and quirked that fascinating right eyebrow of hers, when inquirers were busy trying to worm an admission out of her, in a way that said more plainly than words: "Oh, have it your own way. But—I'm not telling!"

She was clever enough to know that her amazing popularity was not amazing at all, that these well-to-do, handsome, eligible young vacationers were not paying court to Vee-Vee Cameron but to Vivian Crandall and to Vivian Crandall's forty millions. If the royal mantle of Vivian Crandall had not been accidentally flung about her shoulders, she would have been merely a very beautiful little nobody, a charming partner for a Summer flirtation.

At it was, however, she received the deep homage which even these comfortably rich young men pay to forty millions and to a woman who has worn a crown.

She wondered sometimes, but only fleetingly, because they kept her so busy how they could accept her unquestionably, how she escaped being exposed a dozen times a day. But the clippings which Jerry had sent her

about—the lover who divorced Prince Ivan for? Schuyler's breath was hot on her neck as he drew close to her. "I haven't dared ask you before—you have a genius for discouraging questions and I wanted to know that there is supposed to be another man—but who is he, Vee-Vee? God! I can't stand this long! You let me come just so close and no closer. Why, you haven't even let me kiss you yet! But—I'm going to now!"

His arms, which had been upraised in a gesture of impotent despair, fell heavily upon her shoulders, gripped her like cables of steel. She strained away from him, but his body bent with hers, so that her slender waist seemed about to be broken. "Not yet, Schuyler! Not yet!" she pleaded, though her body shrank with desire for the pressure of his mouth upon hers. She laughed, without sense or intention, a low, rich, shake, chuckle of mirth, which purchased her release.

"You're laughing at me! I might have known you weren't taking me seriously. You, that could marry any man in the world you want—His voice was broken, came in whistling gasps over his dry, parted lips, but his arms had released her.

"You're jealous, Schuyler?" she asked softly. She had to say something, though her mind was whirling with chaotic thoughts. Why had she not let him kiss her when she wanted his kiss so much? Her reason was not a reason at all, but an instinct of decency that could not be drowned in passion. When he kissed her it would be as if he were kissing her in Paris.

"Am I jealous? Oh, God! I'm jealous! I'm eaten up with it, Vee-Vee! I can't sleep. I can't eat. When I think of you in that damned Russian's arms, I nearly go crazy. But when I think of you, hiding here to save yourself from the man they say was your lover in Paris—"

"Hush!" she commanded him sharply. "There was no lover in Paris. Tell me, Schuyler, would you rather I had never been married, that I was a girl?" she added softly. Oh, if she could only tell him the truth, so that he would believe her and yet not hate her for having taken that other woman's place.

"I wouldn't have you changed," he said ardently, reaching toward her again. "If it took all that is past to make the woman that you are today, I am a fool to be jealous of that past. But I hate him for having made you suffer. Oh, Vee-Vee, don't hold me off any longer! Let me love you, let me make you happy. I'll make up to you for all that you have suffered. I love you! Can't you love me? I'm not a conceited puppy, but I would not have dared hope Sunday, when you came walking into my life again, if there hadn't been something in your eyes that gave me permission to hope—Vee-Vee! Tell me—"

There is no knowing what she might have done then, with his low, musical voice pulsing in her ears and making her nerves vibrate with joy, if they had not been interrupted. The interruption could not have been more startling. It was a laugh, a hoarse feminine laugh that rose high on a crescendo of pain and shared on a sob. A girl's tall, big body crashed through the hedge beside which Schuyler and Vee-Vee had been standing, ran a blind, zig-zag course up the path.

"Nan!" Schuyler called out involuntarily. "Oh, damn that girl!" He flung out his hands in a gesture of helpless rage. "I'm going back to the hotel, Schuyler," Vee-Vee told him in an even, emotionless voice. "Please don't come to me. I want to be alone."

"I swear that I owe her nothing," Schuyler began tensely. "Please! It isn't just that I want to be alone to think. Vee-Vee told him and walked rapidly away.

She wanted to forget that hoarse, jagged ending on a terrible sob, to think only of her own problems. But she could not forget. She found herself murmuring "Poor Nan! Oh, the poor thing!" She had a curious sympathy for the jealousy which racked the other girl. For was not she herself racked with jealousy of that woman she had never seen—the woman with whom Schuyler Smythe was really in love?

"Oh, poor Nan! Why couldn't she accept the defeated girl's pain as a part of the fortunes of the love war? A suspicion that she had crushed down repeatedly, but which could not die reared its ugly head, writhed through her troubled thoughts like a poison-fanged serpent. Mrs. Bannister had hinted that Schuyler had been about to marry Nan Fossick for her money.

SIDE GLANCES — By George Clark

"The big trouble with the peerless collegians is that by the time they learn to play a piece nobody wants to hear it any more."

What was that ugly phrase she had added—"If it is luck!" Why should there be any question of Nan Fossick's being lucky to land a man like Schuyler Smythe? And that girl whom she had overheard gossiping about her to-night had said, "They say he hasn't a penny." What if he was poor? Wasn't she herself dependent upon her salary as a private secretary? But the gossip had been referring to Vivian Crandall's reputed lover, for whom she had divorced the prince.

A party in the lobby, coated and hatted for a late drive along the lake shore, tried to persuade her to join them, but she escaped, going directly to her room. She was wearily raising her arms to remove her evening dress when a sharp tattoo beat upon the door, an insistent summons which said that the knocker would be denied. Fear leaped in her throat as she smoothed her dress and went on cold, jerky feet to the door.

take charge of the classes. I'm on my way there now, but I fear I am late. I never can seem to hurry—somehow." "Yes, you are late," answered the rabbit gentleman, looking at his watch. "But I think the children will not mind that. They would not care if no lessons were ever given them."

"Oh, I shall give them some lessons, but not hard ones—not at all hard," said the lady cat. "Don't you want to hop along to school with me, Mr. Longears, and perhaps teach a class while I take a nap?"

"Yes, I'll go with you," offered Uncle Wiggily and so he started to hop toward the Hollow Stump School. But Mrs. Fluff mewed, saying: "Oh, don't go so fast. There is no hurry. I think that is what Miss Mouse III—hurry! We'll get there in time."

Well, after a while Uncle Wiggily and the nice, but lazy cat reached the Hollow Stump School. The children were wondering why Miss Mouse had not come, but they were glad to see Uncle Wiggily and Mrs. Fluff.

"Our first lesson this morning, children," slowly mewed the cat lady, "will be one in puzzles. I will make two

"And then," said Uncle Wiggily, telling a bedtime story to his forty-seven little bunnies, that night, "then the bad old Woolly Wolf ran away and I came home."

"I'm glad Daddycums came home," said Tingle, climbing up into her father's lap. "But what made the bad old Woolly Wolf run away?" asked Tangle climbing up into Uncle Wiggily's lap on the other side.

"Because the lively little lizard, who had pretended to be the lost baseball made a cut up puzzle picture of the Police Dog," said Mr. Longears. "Even though the picture was cut up, it looked enough like a Police Dog to scare the Wolf, and away he ran."

"And Daddycums came home to us," finished Tingle in a sleepy voice. "Daddy

Now it will be easy to make sentences of the puzzle pictures, I'm sure. And if the pocketbook doesn't lose its penny when it is going to the store to help the five cent piece buy candy, I'll tell you next about Uncle Wiggily's funny watch.

daddy—he-he-came-ho-ho-ho— But Tingle's eyes closed and she could say no more.

"I'll carry her up to bed," offered Nurse Jane Puffy Wussy. "And I must go to bed myself," spoke Uncle Wiggily in a low voice, for many others of the forty-seven little bunnies were falling asleep, after listening to the story of the lively lizard.

It was early the next morning when Uncle Wiggily started out again, hopping over the fields and through the woods in looking for an adventure to make him hungry for lunch.

It was after 9 o'clock, as Uncle Wiggily knew, for he had heard the ringing of the bell on the Hollow Stump School. All of a sudden Mr. Longears saw a nice, fat old cat lady walking slowly along the path.

"How do you do, Mrs. Fluff," said the rabbit gentleman to the cat lady with a low, polite bow of his tail, silk hat. "I do very well, thank you. Was the slow answer. It is much farther to the Hollow Stump School?"

"Oh, not very far," answered Uncle Wiggily. "But why do you want to go to school, Mrs. Fluff?"

"Oh, I have my reasons," answered the cat in a lazy sort of voice, for she was a sleek and lazy cat. "Goodness me!" thought Uncle Wiggily, his heart beating fast. "Can it be that Mrs. Fluff wants to go to the Hollow Stump School to catch the Lady Mouse Teacher? But he need not have been afraid for a moment later Mrs. Fluff purred and said: 'The Lady Mouse Teacher is ill and she asked me to go to school to-day'

ONTARIO PREMIER TOURS

London, June 8.—Before leaving London for Paris yesterday, Premier G. H. Ferguson of Ontario told the Canadian Press he would inspect agricultural and educational systems in the smaller countries of Europe. He plans to return to Britain in about a month and will look into technical education here, hoping also to confer with Premier Baldwin and Rt. Hon. L. C. M. S. Amery, Secretary for the Dominions, shortly.

Sore, Tired Feet

Oh! How good 'it feels to put your weary, aching feet on a soft surface. You can just feel the pain being drawn out and grateful comfort being restored. That's draws out the acids and poisons that puff up your feet and make them tender and sore. It takes all the soreness out of corns, calluses and strained muscles and makes tight shoes feel a half size larger. Get a box of "TIZ" at any drug or department store and have weeks of foot comfort for a few cents.

Sketches by Deasy.
Synopsis by Braucher.

FIRE PATROLS

To aid in protecting forests, fire-tool boxes are transported by motor and mule, the animals reaching difficult places where the automobile cannot go. This sketch is from an actual photograph showing a ranger, his pack-mule and enough fire fighting tools to equip a force of twenty-five men.

By NEA, Through Special Permission of the Publishers of The Book of Knowledge, Copyright, 1925-26.

The use of the heliograph in signaling the locations of fires is often used by the Forest Service. The heliograph deflects the sun's rays.

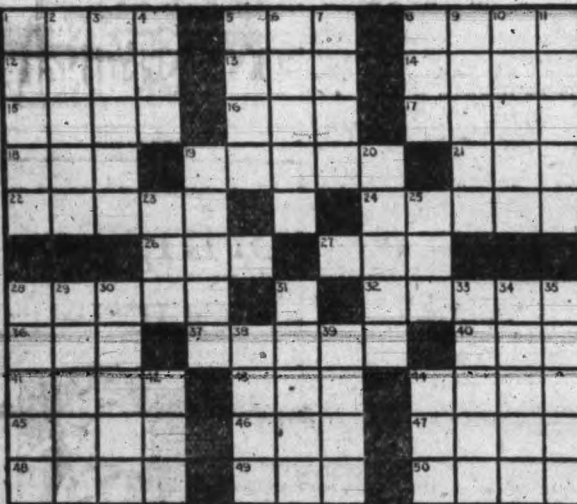

The ranger above is a member of the forest patrol in Manzano National Forest, New Mexico. From every raised point he scans the forest for smoke.

An automobile mounted on car-wheels and fitted with fire-fighting tools plays an important part in forest protection. The speeder, sketched here operates along the line of the San Joaquin and Eastern railroad, in California. The ranger also must protect his district against men who try to steal timber by claiming government land without rights.

Solution of Yesterday's Puzzle

To-morrow's Horoscope

SATURDAY, JUNE 9, 1928

This is an uncertain day according to the reading of the stars. Astrologers find that both benefic and malefic aspects are active.

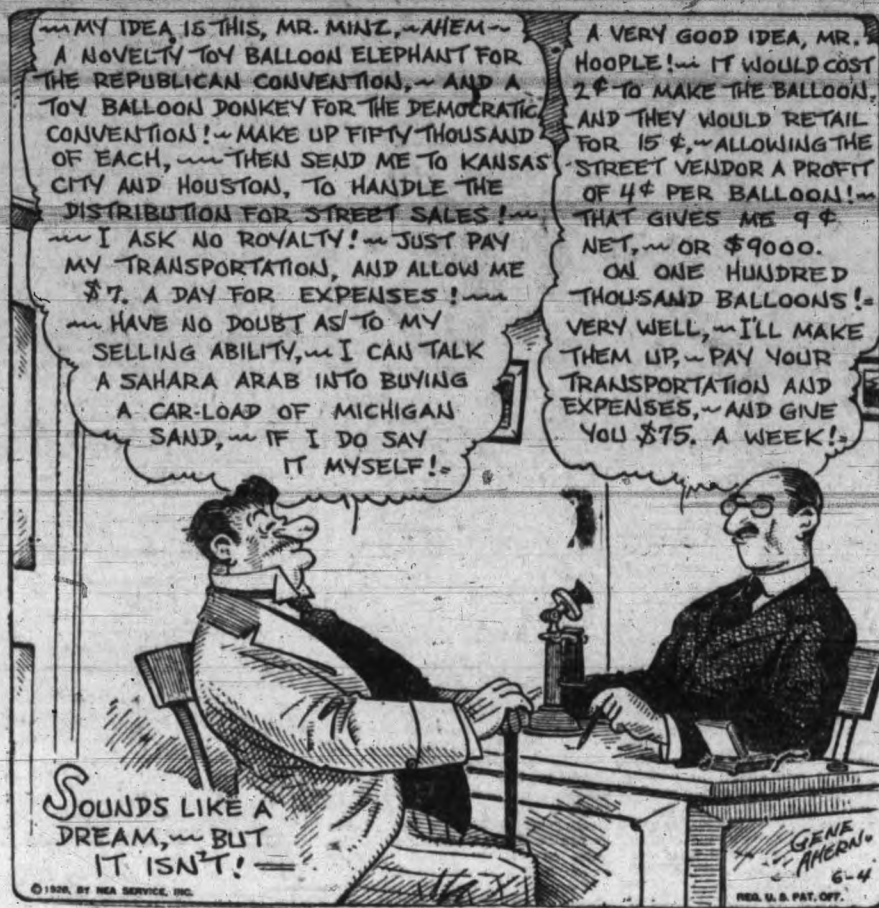

The planetary rule encourages vanity and egotism and both men and women are supposed to be peculiarly susceptible to the sinister influences of the stars. It is not an auspicious date for signing contracts or leases. Deceit and misrepresentation may be prevalent to-day. Neptune frowns on many ambitions.

It is forecast, making it easy for men to deceive themselves and to prepare for disappointment. The morning is not a time to deal with one's bankers, especially if a loan is the objective. While those who plan big enterprises may be inclined to be too sanguine during the prevalence of this sign, the rule should be good for merchants and manufacturers. Money will be spent extravagantly all through this year in which the conception of what are the necessities of life includes all the luxuries. The forecast seems to presage the purchase of aeroplanes and automobiles in unprecedented numbers. New multi-millionaires are to multiply this year when co-operation in business is to be extended to the extreme world limit. Some sort of international scandal is to be uncovered by the newspapers, but the seers warn editors to beware of libel suits more bitter than any in history. At the end of this month there is likely to be another great flurry in stocks and many will rise rapidly in value. Persons whose birthdate it is should beware of insignificant losses which aggregate good-sized amounts. Children born on this day probably will be keen of mind, imaginative and fond of adventure.

TWIGG-POOLEY AS POLICEMEN OF PROVINCE

Pooley Tells of "Jobs to Be Performed Until Election Day"

Twigg Takes Issue With B.C. Prosperity Claims

Questioning the prosperity of British Columbia and describing himself and H. D. Twigg as the policemen of the Province, H. R. Pooley attacked the Liberal administration in detail with an occasional criticism of Premier J. D. MacLean in an address before sixty Saanich electors last night.

Mr. Twigg and T. G. Coventry joined Mr. Pooley in the general criticism. "Mr. MacLean is a little bit touched in the upper story. He must be to make such statements," Mr. Pooley said at one stage of his address in dealing with the Premier's statements on debt piled up under Conservative administration. Mr. Twigg alleged distinction was being made between Conservative and Liberal law breakers. "The curse of this country is the Liberal machine which must be broken and smashed," he said.

Col. A. W. Wood occupied the chair and appealed for hearty co-operation to elect Hon. S. F. Tolmie as member for Saanich.

Mr. Coventry praised Dr. Tolmie, claiming that the candidate, as leader of the Conservative forces, would be in demand all over the Province, and unable to all in the campaign in his own constituency.

Forecasting the appearance of Mrs. Mary Ellen Smith at Saanich meetings, Mr. Coventry hoped his hearers would make a point of asking Mrs. Smith if she took credit for health insurance and how she voted in 1923. Mr. Coventry blamed the Provincial Government for failure to attain imposition of anti-dumping regulations on Missouri strawberries, and declared prices had already fallen to five cents per basket in Vancouver, with threat of destruction of the farming industry of Saanich.

PROSPERITY DENIED
H. D. Twigg said that if British Columbia was as prosperous as Hon. J. D. MacLean asserted, there would be no need for the Ministers to advertise the fact. Rents would be lower, employment greater, wages would be higher and other factors would indicate better provincial prosperity. Industries in this Province were heavily mortgaged, he said, raw material being exported for manufacture elsewhere.

Native born were expatriated to obtain work and many people would welcome back the days of 1916 and the times of Sir Richard McBride.

Mr. Twigg said Liberal speakers confessed Conservative policies and the administration of Conservatives. The policies of the party to-day were unchanged from the days of the McBride-Bower regime, he asserted, declaring that the Liberal policies change from day to day, to suit temporary conditions.

Immediate operation of the Minimum Wage Act was fought tooth and nail by Hon. J. D. MacLean and Mrs. Mary Ellen Smith, when introduced to the Legislature, declared Mr. Twigg.

Touching upon return to British Columbia of the Railway Belt Lands and the Peace River Block, Mr. Twigg declared that Premier MacLean's promise to obtain return of the lands to be merely a promise, difficult to achieve, and still but promise to-day although the Premier had told the Legislature last Spring that he had already succeeded in obtaining restoration by the Federal Government.

Mr. Twigg said voters could believe no promises made by the Liberal Party or leaders, because previous pledges had been broken. He considered the Liberal platform of 1916, if read to-day by Dr. MacLean, should cause him to blush with shame. The speaker declared that his efforts to uncover evidence in the Carlow-Greening case had been blocked by the Government. Witnesses asked for had not been called and documents had been abstracted from official files, he charged.

Mr. Twigg asserted that any man desiring work in Victoria had to show a red ticket before he could get it. "The non-partisan Civil Service Commission is a sham," he said. He declared that the Liberal Party's platform plank to "buy all goods by open tender" had been "thrown overboard, alleging that vast liquor purchases had been made through friends of the Government."

PROVINCIAL POLICE
Recalling Conservative efforts to inquire into Provincial Police affairs, Mr. Twigg declared that when Cpl. McMullin was before the House committee, Attorney-General Manson had wanted the pils of Cpl. McMullin's hands and had refused to permit removal of the official reports, this action being upheld by the Liberal majority of the committee.

Mr. Twigg declared that the Government had abandoned pledges to foster agriculture. He could see no influx of people desiring to farm in British Columbia. The Liberal Party pledge of 1916 to advance the condition of working people was amusing, the speaker considered, declaring that ten years of Government created delay had intervened between the enactment of the Liberal regime and the enactment in 1926 of minimum wage legislation.

Touching upon law enforcement, Mr. Twigg said he was afraid to break any law, being a Conservative, but he claimed knowledge of many instances where Liberals had got off on serious charges, where fines had been remitted, and intimated serious maladministration in the famous Janet Smith case in Vancouver. He asserted that the people should be protected from "concerns enjoying public confidence and urged "the curse of this country is the Liberal machine, which must be broken and smashed."

yearly had been attained by the Government.

Mr. Pooley criticized inclusion of a picture of the new graving dock in publicity material issued by the Government, which he denounced as Liberal propaganda paid for from Provincial funds.

He declared that Premier MacLean and his predecessors had followed a policy of fooling the electors. "Vast sums of borrowed money were being spent before election day on public works, but this employment would cease the day after the elections, so all should hasten to get a share," Mr. Pooley said.

"Dr. MacLean is a pastmaster at using the anaesthetic, putting you to sleep," said Mr. Pooley.

Denying tax reductions, the speaker alleged that the Premier nightly kept awake thinking up new taxes, and had just devised two new imposts, affecting canneries and motorists, the former by license fees and the latter by brake inspection regulations.

The Provincial debt was now \$102,000,000, increased from \$23,000,000 in the years since 1918, said Mr. Pooley, declaring that this information had been obtained by bankers from Dr. MacLean, and was more reliable than the statements made by the Premier at public meetings.

"You can't believe J. D. MacLean politically on a stack of bibles waist high," he charged, asserting that Conservative steps toward social betterment of \$7,500,000 in thirteen years of office, and that Premier MacLean had broad-cast assertions that the Conservatives had piled up \$40,000,000 of public debts.

"How can you believe a man who makes statements such as those of Dr. MacLean?" Mr. Pooley asked, pointing to Conservative legislation to combat the Premier's challenge to the traditional steps toward social betterment could be discovered in the period of Conservative control.

Dr. MacLean is a little bit touched in the upper story, he considered, "make such statements," he considered.

THE P.G.E.
Mr. Pooley criticized the Government upon its course regarding the Pacific Great Eastern Railway, declaring that nothing had been done in the past four years, despite election promises of speedy action given the interior constituencies. He recalled that in 1923 the Government had stated that the Province could not afford to borrow more than \$1,000,000 for public works, yet the last session of the Legislature had been asked to vote \$4,000,000, giving the Government, with unexpended votes, more than \$10,000,000 to spend.

"Why? because this is election time, and remember, they are going to spend it, so hurry up and get some of the plums," he advised.

POLICEMEN OF THE PROVINCE
Describing himself and Mr. Twigg as the policemen of the Province, Mr. Pooley remarked that Premier MacLean naturally did not wish the voters to be told of public affairs, documents clipped to give comfort to friends of the Liberal party, documents missing from files or found on private files, but that was the job he was going to perform until election day, when he would be on the Government benches instead of in opposition.

Mr. Pooley gave praise to Dr. Tolmie, declared the times ripe for a change, and the present administration to "stink in the public's nostrils."

On the stage this week, G. Donald Gray, the noted artist of KOMO, will appear in a special musical interlude to the big picture presentation, "Rose Marie." Mr. Gray will be heard in the favorite hits from this great musical opera, such as "Rose Marie, I Love You," "The Indian Love Call," and other song selections in keeping with the atmosphere of the picture.

PENSIONS
Mr. Pooley bitterly protested against being considered opposed to old-age pensions, his objection to the measure being based on refusal to accept whatever the Federal Government chose to tender. He believed the age limit of seventy years to be all right, and a pension of \$20 net sufficient.

Touching upon employment conditions, Mr. Pooley said the only headline ever experienced by British Columbia under the Conservative administration had been created by war restrictions on credit, which had caused 6,000 men to be released from railway work and thrown on the Vancouver labor market in one month of 1915.

PASSION PLAY TO BE SHOWN HERE ALL NEXT WEEK

Local theatregoers will be pleased to learn that the famous Oberammergau play will be the main attraction at the Playhouse Theatre next week.

The famous "Passion Play," which has been historically associated with the village of Oberammergau in Bavaria since 1633, and has been immortalized by the reproduction in the motion picture realm.

The journey of Joseph and Mary to Bethlehem to enroll their names on the books of Julius Caesar is the opening scene of the seven-reel picture, and from this introduction until the assassination scene the patrons' interest is maintained throughout.

The film will be shown at the Playhouse Theatre June 12 to 16, with matinee Wednesday and Saturday.

Big Eaters Get Acid Stomach

Bismarck Magnesia Neutralizes Acid. Keeps Stomach Clean and Digestion Perfect

"If you're a hearty eater; if you must have three big meals a day, eat them. But after each meal be sure to neutralize the dangerous acids that your food forms in the stomach, says a noted authority. When your stomach is overloaded, the food content soon turns into acid, and that practically paralyzes the stomach's activity long before the work of digestion can be completed. Then the stomach becomes weak and 'cranky' and you are daily suffering from indigestion, gas, sourness, bloating and after-eating pains."

To quickly neutralize this dangerous acid to cleanse and sweeten the stomach; to bring the stomach back into normal condition without pain or distress, go to your nearest drug store and get a little pure Bismarck Magnesia. It is a natural and safe and takes in a little hot water just before meals. You'll be amazed how quickly this simple treatment works.

Bismarck Magnesia is a powerful but harmless anti-acid and stomach corrective used by thousands of folk every day with the happiest of results.

AT THE THEATRES

SON OF FAMOUS THEATRE MAGNATE IN VARIETY FILM

Lloyd Alexander Pantages, son of the theatre magnate, is cast with Tom Mix in "The Last Trail," Fox Films version of Zane Grey's novel, starring Mix as a motor tour of Europe with his mother and sister Carmen.

POPULAR STAR IN BREEZY COMEDY AT CAPITOL THEATRE

Reginald Denny's latest Universal success, "Good Morning, Judge!" is being shown to enthusiastic audiences at the Capitol Theatre. This picture is regarded as the best of the popular star has made.

Denny's clever comedy interpretation would make him a hit in any part but in "Good Morning, Judge," he has a role that matches his good looks, his breezy manner and his flare for farce to perfection. He has again gained the honor of having appeared in one of the season's greatest comedy hits.

The leading feminine role is played by Mary Nolan, former continental stage star, who is an American girl, but starred for three years for a German film company.

Others in the cast are Dorothy Gulliver, a 1928 Baby Wampus Star, Charles, William Davidson, William Worthington, Bull Montana, Sailor Sharkey and Charles Coleman.

PORTRAYAL OF LIFE IN NORTH WOODS ON DOMINION SCREEN

One of the most lavishly produced out-of-doors pictures filmed in many years is Metro-Goldwyn-Mayer's "Rose Marie," which is now playing at the Dominion Theatre. The picture will be quite as lavishly presented on the screen here and will be shown to the full musical score of the sensational musical play from which it was adapted to the screen. Joan Crawford has the title role and James Murray the leading male romantic role.

MADGE BELLAMY IS FEMALE DRUMMER IN PLAYHOUSE FILM

Madge Bellamy, who has the stellar role in "Silk Legs," a Fox Films production which is at the Playhouse Theatre, has become one of the screen's leading comedienne. The winsome film star has been cast as a vivacious female drummer, whose modern ideas about doing business go far in making "Silk Legs" one of the most hilarious comedy-dramas of the season.

James Hall plays opposite the star. Others in the cast are Joseph Cavorthorn and Maude Fulton. Arthur Rossan directed the production.

BLONDES PLAY LEADING ROLES AT COLUMBIA

Do gentlemen prefer blondes? It is apparent that Buck Jones, Fox Films star in "The Branded Sombbrero," prefers tow-headed leading women. In seven of his latest productions Buck has had five blondes as his feminine leads.

Lella Hyams, Buck's new leading woman is the luck owner of golden hair and grey eyes. She is twenty-two, unmarried, blonde, and "The Branded Sombbrero" is at the Columbia Theatre to-day.
